GOVERNMENT OF KERALA

CHIEF MINISTER'S MESSAGE

Dear Shareholders,

It gives me immense pride to share with you the remarkable achievements of the Cochin International Airport Limited (CIAL) in the past year. CIAL has solidified its position on the aviation map of India as a beacon of excellence and innovation. Our airport continues to serve as a crucial gateway for travellers, both domestic and international, showcasing the spirit of progress and commitment to service, that defines Kerala.

During the financial year 2023 - 24, CIAL has completed several significant projects that will further enhance our infrastructure and service capabilities. The completion of the Import Cargo Complex marks a milestone in our expansion plans, facilitating smoother and more efficient cargo operations. Moreover, we have embarked on seven mega projects that are set to transform our airport into a state-of-the-art facility. These projects include the development of transit accommodation and a star hotel to cater to the needs of our passengers, the expansion of the International Terminal, and the implementation of advanced digital solutions like Digi Yatra. Additionally, the upcoming Golf Resorts will add a unique dimension to our offerings, enabling CIAL to provide a holistic travel experience.

I am pleased to report that the financial year 2023 - 24 has been a recordbreaking one for CIAL. We have achieved a turnover of Rs. 1,014 crores, with a profit before tax of Rs. 552 crores and a profit after tax of Rs. 384 crores. These figures are a testament to the hard work and dedication of our entire team, as well as the trust and support of our shareholders.

At this juncture, our hearts go out to the victims of the tragic landslide in Wayanad. I express my deepest condolences to the families of the bereaved. The State Government is committed to ensure that the rehabilitation and reconstruction efforts are comprehensive. Our focus will be on restoring essential services, rebuilding physical infrastructure, and revitalising the local economy so that the community regains its footing.

In conclusion, I would like to extend my heartfelt gratitude to all our shareholders for their unwavering support and trust in CIAL. Your confidence in our vision has been instrumental in making our journey of growth, flawless. We look forward to your continued partnership as we strive to reach new heights of excellence and innovation in the years to come.

GLOBAL AVIATION SCENARIO

In 2024, the global aviation industry is witnessing a significant recovery, fuelled by robust financial performance and strategic growth. The International Air Transport Association (IATA) forecasts a net profit of \$30.5 billion for the industry, an improvement from the previous year. Leading airlines, including Qatar Airways, have reported unprecedented profits, highlighting the sector's resilience and resurgence. The growing demand for air travel has prompted airlines like Turkish Airlines to expand their fleets, particularly increasing their cargo capacity with new orders for Boeing 777 freighters.

Sustainability remains a key focus, with airlines stepping up efforts to cut carbon emissions by adopting Sustainable Aviation Fuel (SAF). IATA anticipates that SAF will be essential in helping the industry achieve its net-zero carbon emissions goal by 2050. This commitment to eco-friendly practices is also reflected in the rising airfares, adjusted to support sustainability objectives. These measures highlight the industry's dedication to addressing environmental issues while continuing its growth.

Technological advancements are revolutionizing various aspects of aviation, especially in airport operations and passenger handling. The adoption of robotics and automation is boosting efficiency in ground handling, while AI-powered systems are enhancing processes such as biometric boarding. These innovations not only streamline operations but also improve the overall passenger experience. Such technological advancements are crucial for maintaining a competitive edge and operational efficiency in a rapidly changing industry.

AVIATION SCENARIO IN INDIA

India's aviation sector is currently experiencing remarkable growth and evolution, highlighted by extensive fleet expansions and strategic alliances. IndiGo, the country's largest airline, has made history by placing an unprecedented order for 500 Airbus aircraft, the biggest single order ever in aviation. This extensive expansion plan aims to increase its capacity to meet the escalating demand for air travel in India. Similarly, Akasa Air has shown optimism in the future of Indian aviation by ordering 150 Boeing 737 MAX aircraft.

Air India, now under the Tata Group, is broadening its international reach with new routes and upgraded services. The airline has introduced new non-stop flights between Delhi and Kuala Lumpur, further enhancing

its global network. Additionally, Air India is enhancing its operational capabilities through partnerships, such as Lufthansa Technik's contract to maintain Air India's Boeing 777 fleet.

India's aviation infrastructure is also seeing substantial upgrades. These developments are essential to accommodate the growing air traffic and ensure efficient and safe operations at airports across the country. However, the industry does face challenges, including financial disputes and regulatory scrutiny. Despite these hurdles, the overall outlook for Indian aviation remains optimistic, fuelled by strategic expansions, infrastructure enhancements and increasing demand for air travel.

REVIEW OF OPERATIONS

a. Financial Overview:

CIAL has achieved a remarkable gross income of Rs. 1,014 crores for the fiscal year 2023 - 24, surpassing all previous annual revenue records. This represents an impressive 31.53% increase in revenue compared to the prior year. The substantial revenue growth is attributed to the significant rise in non-aero income, the collection of User Development Fees (UDF) and the increase in aeronautical tariffs as approved by the Airports Economic Regulatory Authority (AERA). In this fiscal year, the company has experienced an unprecedented surge in profits, reaching the highest level in CIAL's history. The profit for this year stands at Rs. 384.11 crores, surpassing the previous record of Rs. 265.08 crores earned in 2022 - 23.

b. Aircraft, Passenger and Cargo Movement:

Cochin International Airport Limited (CIAL) has reached a significant milestone by surpassing one crore passengers in a calendar year for the first time. On 21st December 2023, CIAL achieved this milestone when 173 passengers boarded an evening Indigo flight to Bangalore, bringing the total number of passengers for the year 2023 to over 10 million. This achievement makes CIAL the only airport in Kerala and the fourth in South India to handle over one crore passengers annually, catering to 63.50% of the state's air travellers. This success highlights CIAL's efforts in infrastructure development and airport marketing in recent years. The year also saw the launch of new routes and improved connectivity in existing sectors.

In an era dominated by corporate management of the country's airports, CIAL's success offers hope for the public sector. By the end of the fiscal year, CIAL managed 105.2 lakh passengers, with 55.99 lakhs on domestic routes and 49.30 lakhs on international routes. Compared to the previous year, this represents a significant increase of over 16 lakhs in passenger numbers. The management is optimistic that the airport will continue to handle at least one crore passengers annually in the coming years. The year also saw the highest air traffic movement ever, with 70,203 flights operated. Connectivity across the continent was enhanced as existing airlines increased their services and several new airlines commenced operations in Kochi during their winter schedule. The airport operator successfully joined the 10 million club in the fiscal year 2023-24.

The details of aircraft and passenger traffic at your airport for the financial year 2023 - 24 and the corresponding movements during the preceding financial year are presented below:

Aircraft Movement (in numbers)

Year	Aircraft Movement		Total
	International Sector	Domestic Sector	
2023 - 24	29,601	40,602	70,203
2022 - 23	25,742	35,490	61,232
Increase / (Decrease) in Nos.	3,859	5,112	8,971
Increase / (Decrease) in %	14.99	14.40	14.65

Passenger Movement (in numbers)

Year	Aircraft Movement		Total
	International Sector	Domestic Sector	
2023 - 24	49,30,831	55,98,883	1,05,29,714
2022 - 23	42,13,648	47,15,714	89,29,362
Increase / (Decrease) in Nos.	7,17,183	8,83,169	16,00,352
Increase / (Decrease) in %	17.02	18.73	17.92

The Bureau of Civil Aviation Security (BCAS), Ministry of Civil Aviation, Government of India, issued revised guidelines through AVSEC Order 11/2015 regarding the engagement of Regulated Agents for air cargo operations at Indian airports. This order outlines the procedures and directives for Regulated Agents involved in the reception, screening, handling, and transportation of cargo and mail on flights departing from any airport in India, ensuring the security and safety of aircraft operations before loading cargo onto aircraft. Following the fulfilment of all procedural requirements, Cargo Service Centre India Private Limited, Mumbai was selected as the Regulated Agent for both domestic and international cargo operations on a revenue-sharing basis for a period of five years.

c. Dividend:

Your Board is pleased to recommend a dividend of 45% on the paid-up value of equity shares for the year under review, to the shareholders subject to the relevant provisions of the Articles of Association of the Company and if approved at the Annual General Meeting. Based on the recommendation of the Board of Directors, Rs.215.20 crores are required towards dividend for the Financial Year 2023 - 24. Shareholders may note that as per the amendments in Income Tax Act 1961 made by the Finance Act 2020, dividends paid or distributed by a Company after 01st April 2020 shall be taxable in the hands of the shareholder. The Company shall therefore be required to deduct tax at source (TDS) at the time of making the dividend at the following rates.

For Resident shareholders, taxes shall be deducted at source under Section 194 of the Act, as follows -

Shareholders having valid PAN	10% or as notified by the Government of India
Shareholders not having PAN / valid PAN	20% or as notified by the Government of India

TDS would not be deducted on payment of dividend to resident Individual shareholder, if total dividend to be paid in Financial Year 2023 - 24 does not exceed Rs.5,000.

For Non-resident Shareholders, taxes are required to be withheld in accordance with the provisions of Section 195 and other applicable sections of the Act, at the rates in force. The withholding tax shall be at the rate of 20% (plus applicable surcharge and cess) or as notified by Government of India on the amount of dividend payable. However, as per Section 90 of the Act, non-resident shareholders have the option to be governed by the provisions of the Double Tax Avoidance Agreement (DTAA) between India and the country of tax residence of the shareholder, if it is more beneficial to them.

Your Directors wish to inform you that the details of members who have not encashed their dividend warrants from the financial year 2016 - 17 have been uploaded to the website of the company (www.cial.aero). Those members who have still not encashed their dividend warrants in respect of any of the above-mentioned periods are requested to submit their dividend warrants to the registered office of the company for revalidation / re-issue. After 7 years from the date of declaration of dividend for any financial year, the balance available as unclaimed dividend would be remitted to the Investor Education and Protection Fund of Central Government as per the provisions of Section 124(5) & Section 125(2) of the Companies Act 2013. The unpaid dividend pertaining to the financial year 2016 - 17 is due for remittance to the Investor Education and Protection Fund of Central Government in this year.

CONSOLIDATED FINANCIAL STATEMENTS

According to the provisions of Section 129 of the Companies Act 2013 and Indian Accounting Standards (Ind AS 110), the consolidated audited financial statements are provided in the Annual Report. The standalone financial statements of all the subsidiary companies of CIAL as on 31st March 2024 have been displayed at the website of CIAL (www.cial.aero).

SUBSIDIARY COMPANIES

CIAL has four subsidiary companies, namely Cochin International Aviation Services Limited (CIASL), Air Kerala International Services Limited (AKISL), CIAL Infrastructures Limited (CIL) and CIAL Dutyfree and Retail Services Limited (CDRSL). Consequent to the investment by Government of Kerala in the share capital of Kerala Waterways and Infrastructures Limited (KWIL), the status of KWIL as subsidiary company of CIAL has been ceased. KWIL currently remains as an associate company. The statement containing the salient features of the financial statement of Subsidiaries / Associates Companies / Joint Ventures in Form No. AOC 1, is attached to this report as **Annexure A**.

1. Cochin International Aviation Services Limited

Cochin International Aviation Services Limited (CIASL), a subsidiary of CIAL, has been established for aircraft Maintenance, Repair and Overhaul (MRO) services and aviation training. CIASL currently provides Line Maintenance Services for several international carriers operating at Cochin International Airport. The organization has secured approvals from multiple regulatory bodies, including the Director General of Civil Aviation (DGCA), European Aviation Safety Agency (EASA), General Civil Aviation Authority (GCAA - UAE), Civil Aviation Authority of Singapore (CAAS), Qatar Civil Aviation Authority, Civil Aviation Authority of Sri Lanka, Civil Aviation Authority of Thailand, Civil Aviation Authority of Bahrain, Civil Aviation Authority of Oman, and DGCA – Kuwait. Additionally, CIASL has received new regulatory approvals from the Civil Aviation Authority of Vietnam and the Civil Aviation Authority of Malaysia and has acquired four new customer airlines: Malindo, Malaysian Airlines, Thai Airways and Thai Lion Air.

CIASL has also been accredited by Airports Council International (ACI) as their training partner and has initiated a training program on Airport Rescue and Fire Fighting. The organization has submitted a revised Maintenance Organisation Exposition (MOE) to DGCA India to expand its scope to include Boeing B737 Max and Boeing B787 aircraft and is awaiting approval. This expansion will enable CIASL to enter the domestic airline business.

For base maintenance, the Company has established two Narrow Body Hangars with direct access to the airport runway. CIASL has partnered with a leading MRO service provider, M/s. Airworks India Private Limited, to operate the MRO facility at Cochin Airport during the financial year 2020-21. The facility is approved by DGCA India and EASA for performing C-checks on the Airbus A320 family of aircraft and Boeing 737 aircraft.

2. Air Kerala International Services Limited

Air Kerala International Services Limited (AKISL), a subsidiary of Cochin International Airport Limited, aims to establish a low-cost airline based at Cochin International Airport to benefit the large population of non-resident Keralites in the Middle East. According to the National Civil Aviation Policy of 2016, the Government has decided to eliminate the requirement for airlines to have five years of domestic operations before becoming eligible to fly overseas. However, airlines must allocate 20 aircraft or 20% of their total fleet, whichever is higher, to the domestic sector if they wish to operate internationally. The Company has found that, this condition is not very conducive to the successful operation of the airline.

3. CIAL Infrastructures Limited

CIAL Infrastructures Limited (CIL) was incorporated in 2012 to expand the horizons of CIAL and seize opportunities in the power and other infrastructure sectors. CIL has commissioned a 50 MWp solar power plant, including the 12 MWp solar power project at Payyannur, South India's first terrain-based installation. These solar plants have generated approximately 395 million kWh of solar energy to date. Additionally, the 4.5 MW hydroelectric power plant at Arippara has produced 29.4 million kWh to date. CIAL Infrastructures Limited is participating in the prestigious West Coast Canal Project of the Government of Kerala, implementing a state-of-the-art light and sound show on an electrically powered boat and other related tourism infrastructure in the 150-year-old Chilakkoor Waterway Tunnel. The project is expected to be commissioned during the current financial year 2024 - 25.

4. CIAL Dutyfree and Retail Services Limited

CIAL Dutyfree and Retail Services Limited (CDRSL) is a public limited company incorporated on 01st March 2016, to maximize the benefits of the duty-free and travel retail business. CDRSL was established with the primary objective of expanding dutyfree operations beyond Cochin Airport to various travel destinations worldwide. The creation of a separate company for dutyfree operations has sharpened our focus on international trade, enhanced our supply chain capabilities and provided better insulation from supply-side and demand-side fluctuations. This subsidiary remains the major income contributor to CIAL.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF COCHIN INTERNATIONAL AIRPORT LIMITED

REPORT ON THE AUDIT OF THE STANDALONE FINANCIAL STATEMENTS

Opinion

We have audited the accompanying Standalone Financial Statements of Cochin International Airport Limited ("the Company"), which comprise the Standalone Balance Sheet as at 31st March 2024, the Standalone Statement of Profit and Loss (including Other Comprehensive Income), Standalone Statement of Changes in Equity and Standalone Statement of Cash Flows for the year then ended and notes to the Standalone Financial Statements, including material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Financial Statements give the information required by the Companies Act 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including Indian Accounting Standards ("Ind AS") specified under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules 2015, as amended, of the state of affairs of the Company as at 31st March 2024, and its profit, total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Companies Act 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Standalone Financial Statements under the provisions of the Act 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the Standalone Financial Statements.

Emphasis of Matter

We draw attention to Note 4.35 (c) forming part of the Standalone Financial Statements regarding recognition of annual lease rent payable to the company as per the long-term fuelling contract entered with an Oil company, which is not on straight-line basis for the reasons stated therein, together with the impact thereof on the Standalone Financial Statements.

Our opinion is not modified in respect of this matter.

Information other than the Standalone Financial Statements and Auditor's Report thereon (other information)

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board of Directors Report including Annexures to Board of Directors Report but does not include the Standalone Financial Statements and our auditor's report thereon.

Our opinion on the Standalone Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Standalone Financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and those charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Standalone Financial Statements that give a true and fair view of the financial position, financial performance, including other comprehensive income, changes in equity and cash flows of the Company in accordance with accounting principles generally accepted in India, including Indian Accounting Standards (Ind AS) specified under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone Financial Statements, the management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to Standalone Financial Statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Standalone Financial Statements, including the disclosures, and whether the Standalone Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Standalone Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Standalone Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Standalone Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Other Matter

The Standalone Financial Statements of Cochin International Airport Limited for the year ended 31st March 2023 were audited by predecessor auditor whose report dated 26th June 2023 expressed an unmodified opinion on those Standalone Financial Statements.

Our opinion is not modified in respect of this matter.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order 2020 ("the Order") issued by the Central Government in terms of Sub-section (11) of Section 143 of the Act, we give in "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2. As required by Section 143(3) of the Act, based on our audit we report that:
- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Standalone Balance Sheet, the Standalone Statement of Profit and Loss including Other Comprehensive Income, Standalone Statement of Changes in Equity and the Standalone Statement of Cash Flows dealt with by this Report are in agreement with the relevant books of account.
 - d) In our opinion, the aforesaid Standalone Financial Statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with relevant rules issued thereunder.
 - e) On the basis of the written representations received from the Directors as on 31st March 2024 taken on record by the Board of Directors, none of the Directors is disqualified as on 31st March 2024 from being appointed as a Director in terms of Section 164(2) of the Act.
 - f) With respect to the adequacy of the internal financial control with reference to Standalone Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to Standalone Financial Statements.
 - g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of Section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the managerial remuneration paid by the Company during the year is in accordance with the provisions of Section 197 of the Act.
 - h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its Standalone Financial Statements - Refer Note 4.34 to the Standalone Financial Statements.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
 - iv. i. The Management has represented that, to the best of its knowledge and belief, as disclosed in the Note No. 4.58 to the Standalone Financial Statements, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that

the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

- ii. The Management has represented, that, to the best of its knowledge and belief, as disclosed in the Note No. 4.58 to the Standalone Financial Statements, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- iii. Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (i) and (ii) above, contain any material misstatement.
- v. The dividend declared or paid during the year by the Company is in compliance with Section 123 of the Act, as applicable.
- vi. Based on our examination which included test checks, the company has used accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. In respect of cargo operations we do not find any specific observations in the independent SOC-2 report issued in respect of the audit trail enabled in the MS Azure databases of the Galaxy software used on a SaaS platform for such operations and are hence unable to comment on the same. Further, during the course of our audit we did not come across any instance of the audit trail feature being tampered with.

As the proviso to Rule 3(1) of the Companies (Accounts) Rules 2014 is applicable from 01st April 2023, reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules 2014 on preservation of audit trail as per the statutory requirements for record retention is not applicable for the financial year ended 31st March 2024.

“Annexure A” to the Independent Auditor’s Report on the Standalone Financial Statements of Cochin International Airport Limited for the year ended 31st March 2024 (Referred to in paragraph 1 under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date)

- i. a) (i) According to the information and explanations given to us and the records of the Company examined by us, the Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.
- (ii) According to the information and explanations given to us and the records of the Company examined by us, the Company has maintained proper records showing full particulars of intangible assets.
- b) According to the information and explanations given to us and the records of the Company examined by us, the Company has a program of physical verification to cover all the items of Property, Plant and Equipment, the frequency of which, in our opinion, is reasonable having regard to the size of the Company and the nature of its business. According to the information and explanations given to us, no material discrepancies have been noticed upon such verification.
- c) According to the information and explanations given to us, the records of the Company examined by us and based on the details of land and buildings furnished to us by the Company, we report that the title deeds of immovable properties disclosed in the Standalone Financial Statements are held in the name of the Company.
- d) According to the information and explanations given to us and the records of the Company examined by us, the Company has not revalued any of its Property, Plant and Equipment or intangible assets or both during the year and hence the reporting requirements under the clause (i)(d) of Para 3 of the Order is not applicable at this stage.
- e) According to the information and explanations given to us and the records of the Company examined by us, there are no proceedings initiated or pending against the Company as at 31st March 2024 for holding any benami property under the Prohibition of Benami Property Transactions Act 1988 (as amended in 2016) and rules made thereunder.
- ii. a. According to the information and explanations given to us and the records of the Company examined by us, the physical verification of inventory has been conducted by the management at reasonable intervals, having regard to the size of the company and nature of its business and that no discrepancies were noticed on such verification between the physical stocks and the book records that were 10% or more in the aggregate for each class of inventory.
- b. According to the information and explanations given to us and the records of the Company examined by us, the company has been sanctioned working capital limits in excess of Rs. 500 lakhs in aggregate, from banks based on security of current assets during the year. As informed to us and as per the records of the Company examined by us, as per the terms of sanction, no quarterly returns or statements are to be submitted to the Bank and hence the question of reporting on whether such returns are in agreement with the books of accounts is not applicable.
- iii. The Company has made investments in a cooperative society and granted unsecured loans / advances in the nature of loans to companies / society during the year, in respect of which, according to the information and explanations given to us and based on the records of the company examined by us:

- a. The Company has granted advance to its subsidiary to meet the expenses and the same is fully provided for in the books of the company. The Company has also granted advance to a society during the year.

Details are given below:

(Rs in lakhs)

Particulars	Advanced during the year	Balance as at 31 st March 2024
Advance to subsidiary - Air Kerala International Services Limited	1.60	45.24
Advance to society - Kochi International Airport Society	0.25	9.49

The Company has granted a short-term unsecured loan to M/s. Digiyatra Foundation of Rs. 100 lakhs during the year and Rs. 105.68 lakhs was outstanding as at 31st March 2024 (including interest accrued but not due).

The Company has not provided any guarantee or given any security during the year to any company, firm, limited liability partnership or other parties.

- b. In our opinion, the investments made and the terms and conditions of the grant of loans, during the year are, prima facie, not prejudicial to the Company's interest.
- c. In respect of loan granted by the Company to M/s. Digiyatra Foundation, the schedule of repayment of principal and interest has been stipulated and there is no violation of the terms stipulated therein. Advances granted without stipulating the schedule of repayment are disclosed under clause 3(iii)(f) below.
- d. In respect of loan granted by the Company to M/s. Digiyatra Foundation, there are no material amounts overdue for more than ninety days as per books of account as at the balance sheet date as the repayment of loan has not been commenced as per the terms of the loan.
- e. No loan granted by the Company which has fallen due during the year, has been renewed or extended or fresh loans granted to settle the overdue of existing loans given to the same parties. Hence, reporting under clause (iii)(e) of paragraph 3 of the Order is not applicable.
- f. The Company has not granted loans / advances in the nature of loan either repayable on demand or without specifying any terms or period of repayment, except for the advance given to subsidiary and the society as stated under clause 3(iii)(a) above, the details of which are given below:

Particulars	Related Parties
Aggregate amount of advances in the nature of loans granted without specifying the term / period of loan	Rs. 54.73 lakhs
Percentage of advances in nature of loans to the total loans	34%

- iv. According to the information and explanations given to us and the records of the Company examined by us, the Company has not granted any loans or given any security or guarantee for which the provisions of Section 185 of the Act are applicable. The Company has complied with the provisions of Section 186 of the Companies Act 2013 in respect of investments made and loans granted, as applicable.
- v. The Company has not accepted any deposit or amounts which are deemed to be deposits. Hence, reporting under clause 3(v) of the Order is not applicable.
- vi. The Central Government has prescribed the maintenance of cost records under Section 148(1) of the Act in respect of the specified services of the Company. We have broadly reviewed the books of account

maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules 2014, as amended, and are of the opinion that, prima facie, the prescribed cost records have been made and maintained. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.

- vii. a. As per the information and explanations furnished to us, and according to our examination of the records of the Company, the Company has been generally regular in depositing the undisputed statutory dues including Goods and Service Tax, Provident Fund, Employees State Insurance, Income Tax, Sales Tax, Service Tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and other material statutory dues, as applicable to the Company with the appropriate authorities during the year and no undisputed amounts in respect of material statutory dues were in arrears as at 31st March 2024 for a period of more than six months from the date they became payable.
- b. According to the information and explanations given to us and based on the records of the Company examined by us, the particulars of dues referred to in Sub-clause (a) that have not been deposited on account of any dispute as at 31st March 2024 are as follows:

**“Annexure B” to the Independent Auditor’s Report on the Standalone Financial Statements of
Cochin International Airport Limited for the year ended 31st March 2024**

Report on the Internal Financial Controls with reference to the aforesaid Standalone Financial Statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act 2013 (the “Act”) (Referred to in paragraph 2(f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date)

We have audited the internal financial controls with reference to Standalone Financial Statements of Cochin International Airport Limited (“the Company”) as of 31st March 2024 in conjunction with our audit of the Standalone Financial Statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s Management is responsible for establishing and maintaining internal financial controls based on the internal controls with reference to Standalone Financial Statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (‘ICAI’). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records and the timely preparation of reliable financial information, as required under the Companies Act 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls with reference to Standalone Financial Statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal financial controls over financial reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to Standalone Financial Statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls systems with reference to Standalone Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to Standalone Financial Statements included, obtaining an understanding of internal financial controls with reference to Standalone Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls with reference to Standalone Financial Statements.

Meaning of Internal Financial Controls with reference to Standalone Financial Statements

A Company's internal financial controls with reference to Standalone Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Standalone Financial Statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial controls with reference to Standalone Financial Statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Standalone Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of Management and Directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the Standalone Financial Statements.

Inherent Limitations of Internal Financial Controls with reference to Standalone Financial Statements

Because of the inherent limitations of internal financial controls with reference to Standalone Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to Standalone Financial Statements to future periods are subject to the risk that the internal financial controls with reference to Standalone Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to Standalone Financial Statements in place and such internal financial controls were operating effectively as at 31st March 2024, based on the internal financial controls with reference to Standalone Financial Statements criteria established by the Company considering the essential components of internal control stated in the Guidance note issued by the ICAI.

Notes to the Standalone Financial Statements for the year ended 31st March 2024

1 Corporate Information

Cochin International Airport Limited (referred to as "CIAL" or "the Company") is a public limited company incorporated and domiciled in India with the registered office at Room No 35, 4th Floor, GCDA Commercial Complex, Marine Drive, Kochi - 682 031.

The Company is engaged in the business of carrying on airport and allied operations, which includes constructing, developing, setting up, commissioning, operating, managing and maintaining an airport of international standards with modern facilities for domestic and international flight operations as well as other related activities that are incidental and ancillary to the above. The principal place of business is at Nedumbassery, Kochi - 683 111 in Kerala.

Airport and allied operations of the Company are regulated by the Airport Economic Regulatory Authority of India (AERA) under Airport Economic Regulation Act 2008.

These standalone financial statements were reviewed by Audit Committee and approved by the Board of Directors at their meeting held on 27th June 2024 and 01st September 2024 respectively.

2 Summary of Material Accounting Policies:

This note provides a list of the material accounting policies adopted in the preparation of these Indian Accounting Standards (Ind-AS) Standalone Financial Statements. These policies have been consistently applied to all the years except where newly issued accounting standard is initially adopted unless otherwise stated.

2.1 Basis of preparation of Financial Statements

(i) Compliance with Ind AS

The standalone financial statements of the Company have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the Ind AS) as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act 2013 (Act) read with the Companies (Indian Accounting Standards) Rules 2015 as amended from time to time and other relevant provisions of the Act.

(ii) Historical cost convention

The financial statements have been prepared on a historical cost basis on the accrual basis of accounting, except for the following -

- a. Financial assets and liabilities (including derivative instruments) that are measured at fair value;
- b. Assets held for sale - measured at fair value less cost to sell;
- c. Defined Benefit plans - plan assets measured at fair value;

Historical cost is the amount of cash or cash equivalents paid or the fair value of the consideration given to acquire assets at the time of their acquisition or the amount of proceeds received in exchange for the obligation, or at the amounts of cash or cash equivalents expected to be paid to satisfy the liability in the normal course of business.

(iii) Fair Value Measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either in the principal market for the asset or liability, or in the absence of a principal market, in the most advantageous market for the asset or liability.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

The three levels of the fair-value-hierarchy are described below:

- Level 1 : Those where the inputs used in the valuation are unadjusted quoted prices from active markets for identical assets or liabilities that the Company has access to at the measurement date. The Company considers markets as active only if there are sufficient trading activities with regards to the volume and liquidity of the identical assets or liabilities and when there are binding and exercisable price quotes available on the balance sheet date.
- Level 2 : Those where the inputs that are used for valuation and are significant, are derived from directly or indirectly observable market data available over the entire period of the instrument's life.
- Level 3 : Those that include one or more unobservable input that is significant to the measurement as whole.

(iv) Current non-current classification

All assets and liabilities have been classified as current and non-current as per the Company's normal operating cycle. Based on the nature of services rendered to customers and time elapsed between deployment of resources and the realization in cash and cash equivalents of the consideration for such services rendered, the Company has considered an operating cycle of 12 months.

(v) Rounding of amounts

The Company's financial statements are presented in Indian Rupees, which is also its functional currency and all values are rounded to the nearest lakh, except when otherwise indicated.

2.2 Use of Estimates and Management Judgements

The preparation of the financial statements in conformity with accounting principles generally accepted in India (GAAP) requires the management to make judgements, estimates and assumptions that effect the reported amount of assets and liabilities as of the Balance Sheet date, reported amount of revenues and expenses for the year and disclosure of contingent liabilities as of the Balance Sheet date. These estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about the assumptions and estimates may result in outcomes requiring a material adjustment to the carrying amount of assets or liabilities in future periods. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods. The areas involving a higher degree of judgement or complexity or areas where assumptions and estimates are significant to the financial statements are disclosed in Note 3.

2.3 Property, Plant and Equipment (PPE)

On adoption of Ind AS, the Company retained the carrying value for all of its property, plant and equipment as recognised in the financial statements as at the date of transition to Ind AS, measured as per the previous GAAP and used that as its deemed cost as permitted by Ind AS 101 'First-time Adoption of Indian Accounting Standards'.

PPE are initially recognised at cost. The initial cost of property, plant and equipment comprises its purchase price, including non-refundable duties and taxes net of any trade discounts and rebates. The cost of PPE includes interest on borrowings (borrowing cost) directly attributable to acquisition, construction or production of qualifying assets. PPE are stated at cost less accumulated depreciation (other than freehold land, which are stated at cost) and impairment losses, if any.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to statement of profit and loss during the reporting period in which they are incurred.

Depreciation on property, plant and equipment is calculated on a straight line basis using the rates arrived at, based on useful lives of each item of property, plant and equipment after retaining 5% of the original cost as residual value. Each component of an item of PPE with a cost, that is significant in relation to the total cost of the item shall be depreciated separately under component accounting.

On 12th June 2014, the Airport Economic Regulatory Authority ("the Authority") has issued a consultation paper viz.05/2014-15 in the matter of Normative Approach to Building Blocks in Economic Regulation of Major Airports wherein it, inter alia, mentioned that the Authority proposes to lay down, to the extent required, the depreciation rates for airport assets, taking into account the provisions of the useful life of assets given in Schedule II of the Companies Act 2013, for such assets that have not been clearly mentioned in the Schedule II of the Companies Act 2013 or may have a useful life justifiably different than that indicated in the Companies Act 2013 in the specific context to the airport sector. Pursuant to the provisions of Part B of Schedule II of the Companies Act 2013, the Authority has issued Order no. 35/2017-18 on 12th January 2018 which is further amended on 09th April 2018, in the matter of Determination of Useful life of Airport Assets, which is effective from 01st April 2018 ("AERA Order").

Accordingly, the management has adopted useful life in respect of airport assets as prescribed in the aforesaid order with effect from 01st April 2018.

The useful lives estimated by the management, coincides with lives prescribed by AERA under Part B of Schedule II to the Companies Act 2013 in case of airport assets and as prescribed under Part C to the Schedule II of the Companies Act 2013 in case of other assets where no specific rates are prescribed by AERA, except as stated below based on internal technical evaluation by the management.

No.	Type / Category of asset	Useful life (in years)
Assets and components of assets for which the useful life as per technical evaluation is applied:		
1	Building-Civil, earth works, pile masonry, concrete, steel, RCC works (including terminal building and cargo complex)	60
2	Building-False ceiling, hand rails, facade works	20
3	Building-interior, flooring, roofing, plumbing, finishing	15
4	Runway Recarpeting	15
5	Golf Course Development	10

The Company assesses the impairment of assets with reference to each cash generating unit, at each Balance Sheet date. If events or changes in circumstances based on internal and external factors indicate that the carrying value may not be recoverable in full, the loss on account and the recoverable amount, is accounted for accordingly. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use.

The useful life and depreciation method are reviewed at each financial year-end to ensure that the amount, method and period of depreciation are consistent with previous estimates and the expected pattern of consumption of the future economic benefits embodied in the items of property, plant and equipment.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on disposal or retirement of an item of property, plant and equipment is determined as the difference between sales proceeds and the carrying amount of the asset and is recognised in Statement of Profit and Loss. Fully depreciated assets still in use are retained in financial statements.

2.4 Intangible assets

For transition to Ind AS, the Company has elected to continue with the carrying value of all of its intangible assets recognised as of 01st April 2015 (transition date) measured as per the previous GAAP and use that carrying value as its deemed cost as on the transition date.

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight-line over their estimated useful life. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on prospective basis.

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in the Statement of Profit and Loss when the asset is derecognised.

2.5 Capital work-in-progress and intangible assets under development

Capital work-in-progress / intangible assets under development are carried at cost, comprising direct cost, related incidental expenses and attributable borrowing cost.

2.6 Investment property

Investment properties are properties held to earn rentals and / or for capital appreciation (including property under construction for such purposes). Investment properties are measured initially at its cost, which shall include transaction costs. Subsequent to initial recognition, investment properties are measured in accordance with Ind AS 16's requirements for cost model, i.e. at cost less accumulated depreciation and impairment losses. An investment property is derecognised upon disposal or when the investment property is permanently withdrawn from use and no future economic benefits are expected from the disposal. Any gain or loss arising on derecognition of the property (calculated as the difference between the disposal proceeds and the carrying amount of the asset) is included in Statement of Profit and Loss in the period which the property is derecognised.

In the case of property (land and building) held for use in the provision of services and for administrative purposes along with renting for earning rental, it is considered as investment property only when an insignificant portion is held for use in the provision of services or for administrative purposes or same can be sold separately.

2.7 Financial instruments

i) Initial recognition

Financial instruments are recognised when a Company becomes a party to the contractual provisions of the instruments. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the Statement of Profit and Loss.

ii) Subsequent measurement

A Financial assets

a Financial assets carried at amortised cost

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

b Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. The Company has made an irrevocable election for its investments which are classified as equity instruments to present the subsequent changes in fair value in other comprehensive income based on its business model.

c Financial assets at fair value through profit or loss

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss.

d Investment in subsidiaries and associates

The investment in subsidiaries is carried at cost in the financial statements in accordance with Ind AS 27. The Company reviews its carrying value of investments annually, or more frequently when there is indication for impairment. If the recoverable amount is less than its carrying amount, the impairment loss is accounted for in the Statement of Profit and Loss.

B Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at FVTPL.

iii) Impairment of financial assets

In accordance with Ind AS 109 Financial Instruments, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss for financial assets. The Company assesses at each Balance Sheet date whether a financial asset or a group of financial assets is impaired. Ind AS 109 requires expected credit loss to be measured through a loss

allowance. The Company recognises lifetime expected credit losses for all trade receivables that do not contain a significant financing component. Impairment loss allowance is based on the simplified approach as permitted by Ind AS 109.

iv) Derecognition of financial instruments

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

A financial liability (or a part of a financial liability) is derecognized from the Company's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires. A substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in the Statement of Profit and Loss.

2.8 Non-current assets held for sale

Non-current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when the asset (or disposal group) is available for immediate sale in its present condition subject only to terms that are usual and customary for sales of such asset (or disposal group) and its sale is highly probable. Management must be committed to the sale and an active programme to locate a buyer and complete the plan must have been initiated, which should be expected to qualify for recognition as a completed sale within one year from the date of classification.

Non-current assets classified as held for sale are measured at the lower of their carrying amount and fair value less costs to sell.

A discontinued operation is a component of the entity that has been disposed of or is classified as held for sale and that represents a separate major line of business or geographical area of operations, is part of a single co-ordinated plan to dispose of such a line of business or area of operations, or is a subsidiary acquired exclusively with a view to resale. The results of discontinued operations, if any, will be presented separately in the Statement of Profit and Loss.

2.9 Inventories

Inventories consisting of stores, spares and consumables are valued at lower of cost or net realisable value. However, stores and spare items held for use in providing the services are not written down below cost if the services are expected to be provided at or above cost. Cost of inventories is determined on a weighted average basis and comprises of purchase cost net of taxes and other directly associated costs in bringing the inventories to their present location and condition. Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs necessary to make the sale.

2.10 Provisions and Contingent Liabilities

Provisions are recognised when the Company has a present obligation as a result of a past event, for which it is probable that a cash outflow will be required and a reliable estimate can be made of the amount of the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. These are reviewed at each balance sheet date and adjusted to reflect the correct management estimates.

Contingent Liabilities are disclosed when the Company has a possible obligation that arises from past events and whose existence will be confirmed by occurrence or non occurrence of one or more uncertain future events or a present obligation that arises from past events but is not recognised because it is not probable that an outflow of resources will be required to settle the obligation.

2.11 Revenue Recognition

Revenue from contracts with customers is recognized on transfer of control of promised goods or services to a customer at an amount that reflects the consideration to which the Company is expected to be entitled to in exchange for those goods or services.

Revenue of the Company from operating the airport and allied operations broadly comprises Aeronautical Income (including landing fee, user development fee, parking fee, aerobridge charges, income from CUTE, inline X-ray screening charges, royalty and income from cargo operations) and Non-Aeronautical revenue (including royalty from duty-free operations and others, rent & services, security training fees, public admission fees, income from trade fair centre and income from golf course and facilities). Revenue from specified airport operations undertaken directly and indirectly are regulated by AERA and tariffs are determined in accordance with the AERA (Terms and Conditions of Determination of Tariff for Airport Operators) Guidelines 2011 dated 22.02.2011 for each control period, which are recognised in the accounts on accrual basis in accordance with such approvals.

Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. Revenue from variable consideration is recognized only to the extent that uncertainty relating to such recognition is resolved as per contractual terms.

2.11.1 Sale of goods

Revenue from the sale of products is recognised at the point in time when control of the goods is transferred to the customer.

2.11.2 Rendering of services

Revenue from rendering services is recognised on accrual basis, net of taxes, applicable discounts and collection charges, when services are rendered and it is probable that an economic benefit will be received, which can be quantified reliably.

Income from life membership fees of the golf course is recognised over a period of forty years in respect of individual members, being the estimated period of life membership and ten years in respect of corporate members.

Other incomes are recognised on accrual basis except when there are significant uncertainties.

2.11.3 Royalties

Royalty revenue is recognised on an accrual basis in accordance with the substance of the relevant agreement (provided that it is probable that the economic benefits will flow to the Company and the amount of revenue can be measured reliably). Royalty arrangements that are based on production, sales and other measures are recognised based on the terms of the underlying arrangement.

2.11.4 Lease / Rental income

The Company adopts Ind AS 116 - Leases for recognition of income from lease arrangements based on the assessment of whether a contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration as per the conditions set out in the said standard. In respect of contractual arrangements forming part of airport operations as per AERA regulations and subject to the tariff structure determined for a control period as stated above, income is recognised having regard to the contract terms considered by the regulator. Leases are classified as finance

leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee and finance income is recognised over the lease term, based on a pattern reflecting a constant periodic rate of return on the lessor's net investment in the lease.

Other-leases are classified as operating leases and payments from such leases (other than variable lease payments that do not depend on an index or a rate) is recognised as income on either a straight-line basis or another systematic basis if that basis is more representative of the pattern in which benefit from the use of the underlying asset is diminished. Payments for the right to use the underlying asset during the lease term that varies because of changes in facts or circumstances occurring after the commencement date, other than the passage of time and do not depend on an index or a rate are recognised on accrual basis based on a reasonable certainty of realisation.

2.11.5 Dividend and interest income

Dividend income from investments is recognised when the shareholder's right to receive payment has been established, which is generally when the shareholders approve the dividend.

Interest Revenue is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable except the interest income received from customers for delayed payments which is accounted on the basis of reasonable certainty / realisation.

Interest income from financial instruments are recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset.

2.11.6 Claims

Claims are accounted for, as and when the same are finally determined / admitted.

2.12 Employee benefits

Short Term Employee Benefits

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits and recognised in the period in which the employee renders the related service.

Defined Contribution Plans

The Company makes contributions to Provident Fund, which is a defined contribution plan for employees. The contributions paid / payable under the scheme during the year are charged to the Statement of Profit and Loss for the year.

Defined Benefit Plans

Defined benefit plan covers the obligation of the company towards the gratuity benefits. For defined benefit plans, the cost of providing benefits is determined using projected unit credit method, with actuarial valuations being carried out at the end of each reporting period. Remeasurement, comprising actuarial gains and losses, any change in the effect of the asset ceiling (excluding interest) and the return on plan assets (excluding net interest), is reflected immediately - with a charge or credit recognised in other comprehensive income in the period in which they occur. Re-measurement recognised in other comprehensive income is reflected immediately in retained earnings and is not reclassified to the Statement of Profit and Loss. Past service cost is recognised in the Statement of Profit and Loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability (asset). Defined benefit costs categorised as follows:

- service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements);
- net interest expense or income; and
- remeasurement

The Company presents the first two components of defined benefit costs in the Statement of Profit and Loss in the line 'Employee benefits expense'. Curtailment gains and losses are accounted as past service costs. The retirement benefit obligation recognised in the Balance Sheet represents the actual deficit or surplus in the Company's defined benefit plans. Any surplus resulting from this calculation is limited to the lower of the surplus in the defined benefit plan and the asset ceiling.

Compensated Absences

The Company has a policy on compensated absences which are both accumulating and non-accumulating in nature. The expected cost of accumulating compensated absence is determined by Actuarial valuation performed by an independent actuary at each Balance Sheet date using projected unit credit method on the additional amount expected to be paid / availed as a result of unused entitlement that has accumulated at the Balance Sheet date. Expense on non-accumulating compensated absence is recognised in the period in which the absences occur.

The service costs and net interest on the net defined benefit liability (asset) are recognised in the Statement of Profit and Loss and remeasurements of the net defined benefit liability (asset) comprising of actuarial gains or losses is charged or credited to Other Comprehensive Income.

2.13 **Borrowing costs**

Borrowing cost includes interest and amortization of ancillary costs incurred in connection with the arrangement of borrowings.

Borrowing costs that are directly attributable to the acquisition, construction or production of an asset that takes a substantial period of time to get ready for its intended use are capitalised as part of cost of the respective asset until such time the assets are substantially ready for their intended use. Other borrowing costs are recognized as an expenditure for the period in which they are incurred.

2.14 **Lease Expenses**

In respect of lease / rental arrangements entered by the company, the Company assesses at contract inception whether a contract is, or contains, a lease in the manner set out in Ind AS 116 - Leases. On the date of commencement of lease, the Company recognises a Right of Use asset (ROU) and the corresponding lease liability for all lease arrangements in which it is a lessee except for leases with a term of 12 months or less (short term leases) and leases of low value assets.

2.15 **Foreign Currency Translation**

The functional currency of the Company is Indian Rupee.

On initial recognition, all foreign currency transactions are translated into the functional currency using the exchange rates prevailing on the date of the transaction. As at the reporting date, foreign currency monetary assets and liabilities are translated at the exchange rate prevailing on the Balance Sheet date and the exchange gains or losses are recognised in the Statement of Profit and Loss.

Non-monetary assets and non-monetary liabilities denominated in a foreign currency and measured at historical cost are translated at the exchange rate prevalent at the date of the transaction.

2.16 **Exceptional Items**

Incomes / Expenses which are not forming part of regular operations and are material and are in accordance with Paras 85, 86, 97 and 98 of Ind AS 1 are classified as Exceptional Items. Such items are disclosed as a separate line item in the Statement of Profit and Loss.

2.17 Taxes on Income

Current tax

Current tax is the amount of income taxes payable in respect of taxable profit for a period. Taxable profit differs from 'profit before tax' as reported in the Statement of Profit and Loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible in accordance with applicable tax laws.

The tax rates and tax laws used to compute the amount are those that are enacted, or substantively enacted, by the end of reporting date in India where the Company operates and generates taxable income.

Deferred tax

Deferred tax is provided on temporary differences at the reporting date between the tax bases of assets and liabilities used in the computation of taxable profit and their carrying amounts in the financial statements for financial reporting purposes. Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised. The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are reassessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and liabilities are off set where the Company has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Current and deferred tax is recognised in the Statement of Profit and Loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

2.18 Earnings per share

The earnings considered in ascertaining the company's Earnings per share comprise of the net profit attributable to equity shareholders. The number of shares used in computing the basic earnings per share is the weighted average number of equity shares outstanding during the year. For calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless they have been issued at a later date. In computing the dilutive earnings per share, only potential equity shares that are dilutive and that either reduces the earnings per share or increases loss per share are included.

2.19 Government grants

Government grants are recognized when there is reasonable assurance that the Company will comply with the conditions associated with the grant and that the grant will be received. Grants that compensate the Company for the cost of depreciable asset are recognized as income in the Statement of Profit and Loss on a systematic basis over the useful life of the asset. Grants that compensate the Company for expenses incurred are recognized over the period in which the related costs are incurred.

2.20 Segment Reporting

Operating Segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker (CODM) of the Company. The CODM is responsible for allocating resources and assessing performance of the operating segments of the Company.

2.21 Cash Flow Statement

Cash Flows are reported using the Indirect Method, whereby net profit before tax is adjusted for the effect of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments.

2.22 Dividend to Equity shareholders

Dividend to Equity shareholders is recognized as a liability and deducted from retained earnings in the period in which the dividends are approved by the equity shareholders in the general meeting.

2.23 Recent Accounting Pronouncements

Ministry of Corporate Affairs ('MCA') notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended 31st March 2024, MCA has not notified any new standards or amendments to the existing standards applicable to the Company.

3 Critical accounting judgements, assumptions and key sources of estimation uncertainty

The following are the critical judgements, assumptions concerning the future, and key sources of estimation uncertainty at the end of the reporting period that may have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

3.1 Useful lives of property, plant and equipment

As described at Note 2.3 above, the charge in respect of periodic depreciation for the year is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life.

3.2 Employee Benefits

The cost of defined benefit plans are determined using actuarial valuation, which involves making assumptions about discount rates, expected rates of return on assets, future salary increases, and mortality rates. Due to the long-term nature of these plans, such estimates are subject to significant uncertainty.

3.3 Taxation

Significant assumptions and judgements are involved in determining the provision for tax based on tax enactments, relevant judicial pronouncements and tax expert opinions, including an estimation of the likely outcome of any open tax assessments / litigations. Deferred income tax assets are recognized to the extent that it is probable that future taxable income will be available, based on estimates thereof.

3.4 Provisions and Contingencies

Critical judgements are involved in measurement of provisions and contingencies and estimation of the likelihood of occurrence thereof based on factors such as expert opinion, past experience etc.

3.5 Impairment of Receivables

Management reviews its receivables for objective evidence of impairment periodically. Significant financial difficulties of the debtor, the probability that the debtor will enter bankruptcy, and default or significant delay in payments are considered objective evidence that a receivable is impaired. In determining this, management makes judgement as to whether there is observable data indicating that there has been a significant change in the payment ability of the debtor, or whether there have been significant changes with adverse effect in the technological, market, economic or legal environment in which the debtor operates in.

Where there is objective evidence of impairment, management makes judgements as to whether an impairment loss should be recorded as an expense. In determining this, management uses estimates based on historical loss experience for assets with similar credit risk characteristics.

3.6 Impairment test of investments in Subsidiaries and Associate

The recoverable amount of investment in subsidiaries and associate is based on estimates and assumptions regarding the future cash flows associated with the operations of the investee Company. Any changes in these assumptions may have a material impact on the measurement of the recoverable amount and could result in impairment.

4.13 Other Current Assets

Particulars	As at 31.03.2024 (Rupees in lakhs)	As at 31.03.2023 (Rupees in lakhs)
Advances other than Capital Advances :		
(i) Balances with Indirect Taxes and Customs & Other Authorities (Refer Note 4.13.1 & 4.13.2)	1,373.56	1,373.58
(ii) Other Advances	485.26	258.36
	1,858.82	1,631.94

4.13.1 Balances with Indirect Taxes and Customs include Rs. 1,163 lakhs being the refund claim of Service Tax paid relating to capital goods for the New International Terminal (T3), which has been reduced from the respective project assets, while capitalising, resulting in non-claiming of depreciation on this amount. As per the amendment to the Finance Act in the Union Budget 2016, all those contracts for the original works in Airports for which the agreement was entered prior to 01.03.2015, even though service tax has been paid, the assessee was made eligible to claim the refund of the service tax paid to the contractor who has remitted the service tax to the Central Government account. Accordingly, CIAL applied for the refund as per the provision in the Finance Act and as per the amendments to the notification. The Assistant Commissioner had initially denied the Company's claim. However, CIAL has filed the appeal before the Commissioner of Indirect Tax (Appeals), which is pending for disposal. According to the Management, the refund claim does not have the question of law which needs to be interpreted but the clear matter of processing the refund based on the certificate issued by Civil Aviation Ministry and service tax payment invoices and the disclaimer certificate issued by the respective contractor being the contracts for the works related to the original works of Airports. The management expects to get a favourable order from the First Appellate authority. As such there is no change in the status quo during this financial year.

4.13.2 Further, the Company had filed refund claim within the due date before the Assistant Commissioner of Central Excise & Service Tax amounting to Rs. 674 lakhs being the Additional Customs Duty paid on imports which were classified under Customs Tariff Heading 9801 meant for project imports and deducted from the respective project assets, when the asset is capitalised, as such no depreciation was also claimed. The import is done for the New International Terminal (T3) as project imports being eligible for concession in the customs duty. As per the Cenvat Credit Rules, input credit is allowed for the Additional Customs duty paid for imports under tariff head 9801, however it is also stated in the rules that the input credit cannot be utilised to pay service tax. Since the rules has allowed the availing of input credit but has placed restriction on its utilisation while payment of service tax on output services, the option available to Company is to file refund claim, which has been preferred. The refund claim has been initially denied by the Assistant Commissioner without considering the merits of the case and hence the Company has filed the appeal before the Commissioner of Indirect Tax (Appeals), which is pending for disposal. The management feels that the refund claim would sustain before the Appellate Authority and CIAL expects the refund claim to be ordered in favour of CIAL. Under the Goods and Service Tax regime, additional Customs duty is allowed to all the Industries including service providers. In the meantime, while filing the GST transitional return (Tran 1), the pending input credits of additional customs duty amounting to Rs. 674 lakhs was also included and credited in the Credit Ledger, which got offset against the subsequent liability. The verification of Tran 1 is being done by the department and the outcome of the same is not intimated. Pending final

outcome of Tran 1 verification by the Department, the appeal filed before Commissioner of Indirect Tax (Appeals) against the rejection of refund application is also retained. As such there is no change in the status quo during this financial year.

4.31.4 Description of plan characteristics and associated risks

Gratuity

The Gratuity scheme is a final salary defined benefit plan that provides for a lump sum payment at the time of separation; based on scheme rules, the benefits are calculated on the basis of last drawn salary and the period of service at the time of separation and paid as lump sum. There is a vesting period of 5 years.

Earned Leave

The leave scheme is a final salary defined benefit plan that provides for a lump sum payment at the time of separation; based on scheme rules, the benefits are calculated on the basis of last drawn salary and the leave count at the time of separation and paid as lump sum.

Sick Leave

The sick leave scheme is a final salary defined benefit plan that provides for a lump sum payment at the time of separation; based on scheme rules, the benefits are calculated on the basis of last drawn salary and the sick leave count at the time of separation and paid as lump sum.

These plans typically expose the company to actuarial risks such as : Investment risk, Interest rate risk, salary inflation risk and demographic risk.

Investment risk	The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds. If the return on plan asset is below this rate it will create a plan deficit.
Interest risk	A decrease in the bond interest rate will increase the plan liability; however this will be partially offset by an increase in the return on the plan's debt investments.
Salary inflation risk	The estimate of future salary increases considered, takes into account the inflation, seniority, promotion, increments and other relevant factors. Higher than expected increases in salary will increase the defined benefit obligation.
Demographic risk	This is the risk of volatility of results due to unexpected nature of decrements that include mortality, attrition, disability and retirement. The effects of these decrement on the DBO depends upon the combination of salary increase, discount rate and vesting criteria and therefore is not very straight forward. It is important not to overstate withdrawal rate because the cost of retirement benefit of short term employees will be less compared to long service employees.

4.32 Borrowing Costs

Particulars	As at 31.03.2024 (Rupees in lakhs)	As at 31.03.2023 (Rupees in lakhs)
Borrowing costs capitalised	334.57	276.76
	334.57	276.76

The rate used to determine the amount of borrowing costs eligible for capitalisation is 7.65% (general borrowing) for the year ended 31st March 2024 and 6.89% (general borrowing) for the year ended 31st March 2023.

(iii) Income tax demands pending on appeal (in respect of which favourable orders have been received on similar issues in earlier years, though further contested by the department).	12,036.20	14,158.58

(iv) Claims from Contractors for capital works payable as per Arbitration award, disputed by the company before various courts.	6,521.77	6,100.30
2. Local authorities while raising the demand notice for One Time Building Tax of New international Terminal (T3) has included the areas of buildings in the airport for which one time taxes up to the period of FY 2016 had already been paid by CIAL. Further the tax rate applied for this area is also at the revised rate. An appeal was filed against this demand notice with R D O, Fort Kochi , which is pending for final disposal.	184.64	184.64
3. Annual building tax claimed by Angamaly municipality based on wrong building classification has been disputed by the Company and appealed with LSGI Tribunal, Trivandrum.	568.80	497.25
4. Claim for enhanced compensation for the land, through which the 110 KV Lines to CIAL sub station is laid.	2,036.35	2,669.23
5. Appeal cases with state consumer redressal forums.	7.66	7.58
Total	26,780.95	25,644.04

4.34.2 # Show cause notices received from service tax authorities aggregating to Rs. 10,379.41 lakhs (Rs. 13,531.81 lakhs), (including interest and penalty) have not been considered as contingent liability, since formal demands have not been raised and in the opinion of the management these notices are not sustainable.

4.34.3 Capital Commitments:

Estimated amount of contract remaining to be executed on capital account and not provided for amounting to - Rs. 31,019.88 lakhs (Rs. 14,991.65 lakhs)

4.35 Revenue from contracts with customers

(a) Break up of revenue of the company is furnished in Note 4.22.

(b) As part of the company's obligation to provide several airport and allied services to users, arrangements have been entered into with specialised service providers including for ground handling, cargo handling, fuelling, catering, financial services, retailing and other services at the airport. The Company receives incomes from all these arrangements in the form of royalty, licence fee, rentals etc which vary from fixed payment basis (with agreed escalations) to variable payments based on scale of operations etc (in some cases with minimum guaranteed commitments). Since most of these incomes fall within the ambit of AERA approval, the amounts accruing as per contractual terms is considered by the regulator for fixation of tariffs during each control period. The present tariff structure of the Company for the control period from 01st April 2021 to 31st March 2026 has been fixed by AERA on this basis. Although some of these arrangements bear certain attributes of operating lease also as per Ind AS 116 (Leases), in line with the accounting policy consistently adopted, the income accruing to the company has been recognised in the accounts as revenue in accordance with the principles of Ind AS 115 - Revenue from contracts with customers, as this is considered by the management to be a true

and fair presentation of the entity's financial position, financial performance and cash flows, having regard to the operational characteristics, economic substance and regulatory aspects of the arrangement.

- (c) As part of the Company's obligation to provide fuel farm infrastructure services at the airport, an agreement was entered into at the inception of operations (and renewed thereafter) giving Bharat Petroleum Corporation Limited (BPCL) the exclusive right to set up the facility and supply Aviation Turbine Fuel (ATF) to the airport customers. CIAL was initially receiving income under the arrangement in the form of a variable royalty based on the actual fuel throughput. However, since this income is part of the regulated aeronautical income being fixed by AERA, collection of royalty based on the fuel throughput was discontinued effective from 15.01.2020 as per their regulatory directions. BPCL had continued to provide the fuelling services at the airport (without royalty based on fuel throughput) and a new agreement was entered into on 23rd January 2023 for a period of 30 years effective from the end of the earlier contract (19th May 2017). As per the new agreement, after taking into consideration all operational aspects including the anticipated fuel throughput, facilities and services made available to BPCL as well as exclusivity of the arrangement, income payable to CIAL from the fuelling arrangement was contracted in the form of a lease rent carrying annual escalations. For the reasons stated in Note 4.35 (a) above, the annual lease-rent payable to the company as per the contract has been recognised in the accounts as revenue from the fuelling arrangement based on the principles of Ind AS 115 (Revenue from contracts with customers), instead of on straight-line basis as per Ind AS 116 (Leases). If recognised on straight-line basis, income from "Rent and Services" for the year and receivable from BPCL would have been higher to the extent of Rs. 3,022.86 lakhs (Rs. 3,159.44 lakhs) which as stated earlier, would not be a fair presentation of the revenue from operations of the company for the year. Other disclosures to the extent applicable to the aforesaid agreement under Ind AS 116 are given below.

The details of minimum amount receivable in respect of the above contract is as follows:

The Company had offered 9,56,43,687 Equity shares of Rs. 10 each at a premium of Rs. 40 per share and received Rs. 56,404.43 lakhs, by way of share application money, resulting in over-subscription of shares. The excess amount received towards oversubscription of shares - Rs. 8,582.59 lakhs, was refunded during the year. Pending utilization of the share proceeds, the amounts have been held in Fixed Deposits as on 31st March 2024.

4.44 Financial Risk Management

The Company is exposed to Market risk, Credit risk and Liquidity risk. The Board of Directors ('Board') oversee the management of these financial risks. The Company's financial risk management is an integral part of how its business strategies are planned and executed.

The following disclosures summarize the Company's exposure to financial risks.

(i) Market Risk

Market Risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of the changes in market prices. Such changes in the values of the financial instruments may result from changes in the foreign currency exchange rates, interest rates, and other market changes.

(a) Foreign currency exchange rate risk

The Company makes purchases from overseas suppliers in various foreign currencies. The Company is exposed to foreign currency risk only on account of import of capital goods and services which is being settled through foreign currency.

(b) Interest Rate Risk

The Company's loans have suitable inbuilt protective contractual clauses as per Term Loan agreements. The Company also ensures availability of Loans at competitive interest rates by inviting bids from major banks / financial institutions. The Company's major investments are primarily in fixed interest bearing investments. Hence, the Company is not significantly exposed to interest rate risk.

(ii) Credit Risk

Credit risk arises from the possibility that the counter party may not be able to settle their obligations as agreed. To manage this, the Company periodically assesses financial reliability of customers and other counter parties, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of financial assets. Individual risk limits are set and periodically reviewed on the basis of such information.

The Company is having the practice of maintaining security deposits and bank guarantees equal to the credit period extended to parties and the said security deposit limit is reviewed periodically, depending upon the increase in volume of business with each customer.

Financial assets are written off when there is no reasonable expectation of recovery, such as a debtor failing to engage in a repayment plan with the Company. Where loans or receivables have been written off, the Company continues to engage in enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognized as income in the Statement of Profit and Loss.

Less : Provision reversed	-	-
Less : Debtors written off	-	-
Closing provisions	1,774.63	1,582.40

(iii) Liquidity Risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to

meet obligations when due and to close out market positions. Due to the dynamic nature of the underlying businesses, Company treasury maintains flexibility in funding by maintaining availability under committed credit lines. Management monitors rolling forecasts of the Company's liquidity position and cash and cash equivalents on the basis of expected cash flows.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF COCHIN INTERNATIONAL AIRPORT LIMITED

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying Consolidated Financial Statements of Cochin International Airport Limited (hereinafter referred to as "the Holding Company"), its Subsidiaries (the Holding Company and its Subsidiaries together referred to as "the Group") and its Associate comprising of the consolidated Balance Sheet as at 31st March 2024, the consolidated Statement of Profit and Loss, including other comprehensive income, the consolidated Statement of Cash Flows and the consolidated Statement of Changes in Equity for the year then ended, and notes to the Consolidated Financial Statements, including a summary of material accounting policies and other explanatory information (hereinafter referred to as "the Consolidated Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of other auditors on separate financial statements and on the other financial information of the Subsidiaries and Associate, the aforesaid Consolidated Financial Statements give the information required by the Companies Act 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group and its Associate as at 31st March 2024, their consolidated profit including other comprehensive income, their Consolidated Cash Flows and the Consolidated Statement of Changes in Equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the Consolidated Financial Statements in accordance with the Standards on Auditing (SAs), as specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Consolidated Financial Statements' section of our report. We are independent of the Group, and its Associate in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence obtained by us along with the consideration of reports of other auditors referred to in "Other Matters" section below, is sufficient and appropriate to provide a basis for our audit opinion on the Consolidated Financial Statements.

Emphasis of matter

We draw attention to Note 4.41 (c) forming part of the Consolidated Financial Statements regarding recognition of annual lease rent payable to the company as per the long-term fuelling contract entered with an oil company, which is not on straight-line basis for the reasons stated therein, together with the impact thereof on the Consolidated Financial Statements.

Our opinion is not modified in respect of this matter.

Information Other than the Financial Statements and Auditor's Report Thereon (Other Information)

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the Consolidated Financial Statements and our auditor's report thereon.

Our opinion on the Consolidated Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated Financial Statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the Consolidated Financial Statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and those charged with governance for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation and presentation of these Consolidated Financial Statements in terms of the requirements of the Act that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated statement of changes in equity of the Group including its Associate in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules 2015, as amended. The respective Board of Directors of the companies included in the Group and of its Associate are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of their respective companies and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the Consolidated Financial Statements by the Directors of the Holding Company, as aforesaid.

In preparing the Consolidated Financial Statements, the respective Board of Directors of the companies included in the Group and of its Associate are responsible for assessing the ability of their respective companies to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group and of its Associate are also responsible for overseeing the financial reporting process of their respective companies.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the Consolidated Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its Associate to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its Associate to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Consolidated Financial Statements, including the disclosures, and whether the Consolidated Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group and its Associate of which we are the independent auditors and whose financial information we have audited, to express an opinion on the Consolidated Financial Statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the Consolidated Financial Statements of which we are the independent auditors. For the other entities included in the Consolidated Financial Statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion. Our responsibilities in this regard are further described under "Other Matters" in this auditor's report.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Other Matters

- i. We did not audit the financial statements of four Subsidiaries, whose financial statements reflects total assets(before consolidation adjustments) of Rs. 51,067.42 lakhs as at 31st March 2024, total revenues(before consolidation adjustments) of Rs. 36,244.14 lakhs and net cash outflows(before consolidation adjustments) amounting to Rs. 1,478.59 lakhs for the year ended on that date, as considered in the Consolidated Financial Statements. The Consolidated Financial Statements also include the Group's share of net loss (and other comprehensive income) of Rs.2.28 lakhs for the year ended 31st March 2024, in respect of one Associate entity, whose financial statements have not been audited by us. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the Consolidated Financial Statements, in so far as it relates to the amounts and disclosures included in respect of these Subsidiaries and Associate entity, and our report in terms of Sub-section (3) of Section 143 of the Act, in so far as it relates to the aforesaid Subsidiaries and Associate entity is based solely on the reports of the other auditors.
- ii. The Consolidated Financial Statements of Cochin International Airport Limited for the year ended 31st March 2023 were audited by predecessor auditor whose report dated 26th June 2023 expressed an unmodified opinion on those Consolidated Financial Statements.

Our opinion on the Consolidated Financial Statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, based on our audit and on the consideration of reports of the other auditors on separate / Consolidated Financial Statements of such Subsidiaries and Associate entity as were audited by other auditors, as noted in the "Other Matters" paragraph, we report, to the extent applicable, that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid Consolidated Financial Statements.
 - b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid Consolidated Financial Statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.
 - c) The Consolidated Balance sheet, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the Consolidated Financial Statements.
 - d) In our opinion, the aforesaid Consolidated Financial Statements comply with the Ind AS specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules 2015, as amended.

- e) On the basis of the written representations received from the directors of the Holding Company as on 31st March 2024 taken on record by the Board of Directors of the Holding Company and the reports of the Statutory Auditors of its Subsidiary Companies and Associate Entity incorporated in India, none of the directors of the Group companies and its Associate Entity incorporated in India is disqualified as on 31st March 2024 from being appointed as a director in terms of Section 164(2) of the Act.
- f) With respect to the adequacy of the internal financial controls with reference to Consolidated Financial Statements of the Holding Company, its Subsidiary Companies and Associate Entity incorporated in India and the operating effectiveness of such controls, refer to our separate Report in “Annexure B” to this report.
- g) In our opinion and based on the consideration of reports of other Statutory Auditors of the Subsidiaries and the Associate incorporated in India, the managerial remuneration for the year ended 31st March 2024 has been paid / provided by the Holding Company, its Subsidiaries and Associate incorporated in India to their directors in accordance with the provisions of Section 197 read with Schedule V to the Act, as applicable.
- h) With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules 2014 as amended, in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors on separate Financial Statements of the Subsidiaries and Associate Entity, as noted in the “Other Matters” paragraph:
- i. The Consolidated Financial Statements disclose the impact of pending litigations as at 31st March 2024 on the consolidated financial position of the Group and its Associate Entity. Refer Note 4.38 to the Consolidated Financial Statements.
 - ii. The Group and its Associate Entity did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses during the year ended 31st March 2024.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company, during the year ended 31st March 2024. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Subsidiary Companies and Associate Company during the year ended 31st March 2024.
 - iv. (i) The respective management of the Holding Company, its Subsidiary Companies and Associate Entity incorporated in India whose financial statements have been audited under the Act have represented to us and the other auditors of such Subsidiary Companies and Associate Entity respectively that, to the best of their knowledge and belief, as disclosed in the Note.4.61 to the Consolidated Financial Statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Holding Company or any of such Subsidiary Companies and Associate Entity to or in any other person(s) or entity(ies), including foreign entities (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Holding Company or any of such Subsidiary Companies and Associate Entity (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

- (ii) The respective management of the Holding Company, its Subsidiary Companies and Associate Entity incorporated in India whose financial statements have been audited under the Act have represented to us and the other auditors of such Subsidiary Companies and Associate Entity respectively that, to the best of their knowledge and belief, as disclosed in the Note 4.62 to the Consolidated Financial Statements, no funds have been received by the Holding Company or any of such Subsidiary Companies and Associate Entity from any person(s) or entity(ies), including foreign entities (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Holding Company or any of such Subsidiary Companies and Associate Entity shall directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Parties (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- (iii) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances performed by us and that performed by the auditors of the Subsidiary Companies and Associate Entity incorporated in India whose financial statements have been audited under the Act, nothing has come to our or the other auditors notice that has caused us or the other auditors to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under iv(i) and iv(ii) above, contain any material misstatement.
- v. The dividend declared and paid by the Holding Company, its Subsidiaries, and Associate, where applicable, is in accordance with Section 123 of the Act.
- vi. Based on our examination which included test checks and that performed by the respective auditors of the subsidiaries and the associate which are companies incorporated in India whose financial statements have been audited under the Act, the Holding Company, Subsidiaries and Associate have used accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. In respect of cargo operations of the Holding Company, we do not find any specific observations in the independent SOC-2 report issued in respect of the audit trail enabled in the MS Azure databases of the Galaxy software used on a SaaS platform for such operations and are hence unable to comment on the same. Further, during the course of our audit, we and respective auditors of the above referred Subsidiaries and Associate did not come across any instance of audit trail feature being tampered with.

As the proviso to Rule 3(1) of the Companies (Accounts) Rules 2014 is applicable from 01st April 2023, reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules 2014 on preservation of audit trail as per the statutory requirements for record retention is not applicable for the financial year ended 31st March 2024.

**“Annexure B” to the Independent Auditor’s Report on the Consolidated Financial Statements of
Cochin International Airport Limited for the year ended 31st March 2024**

Report on the Internal Financial Controls with reference to the aforesaid Consolidated Financial Statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act 2013 (the “Act”) (Referred to in paragraph 2(f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date)

In conjunction with our audit of the Consolidated Financial Statements of Cochin International Airport Limited (hereinafter referred to as “the Holding Company”) as of and for the year ended 31st March 2024, we have audited the internal financial controls with reference to Consolidated Financial Statements of the Holding Company and such companies incorporated in India under the Act which are its Subsidiary Companies and its Associate Entity, as of that date.

Management’s Responsibility for Internal Financial Controls

The respective Company’s Managements are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to Consolidated Financial Statements criteria established by the respective company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor’s Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to Consolidated Financial Statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the “Guidance Note”) and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to Consolidated Financial Statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to Consolidated Financial Statements were established and maintained and if such controls operated effectively in all material respects. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to Consolidated Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to Consolidated Financial Statements included obtaining an understanding of internal financial controls with reference to Consolidated Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, and the audit evidence obtained by the other auditors of the relevant Subsidiary Companies and Associate Entity in terms of their reports referred to in the “Other Matter” section below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to Consolidated Financial Statements.

Meaning of Internal Financial Controls with Reference to Consolidated Financial Statements

A company's internal financial controls with reference to Consolidated Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Consolidated Financial Statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to Consolidated Financial Statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Consolidated Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the Consolidated Financial Statements.

Inherent Limitations of Internal Financial Controls with Reference to Consolidated Financial Statements

Because of the inherent limitations of internal financial controls with reference to Consolidated Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to Consolidated Financial Statements to future periods are subject to the risk that the internal financial controls with reference to Consolidated Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion and based on the consideration of reports of the other auditors on internal financial controls with reference to financial statements of Subsidiary Companies and Associate Entity, as were audited by the other auditors, the Holding Company and such companies incorporated in India which are its Subsidiary Companies and Associate Entity, have, in all material respects, adequate internal financial controls with reference to Consolidated Financial Statements and such internal financial controls were operating effectively as at 31st March 2024, based on the internal financial controls with reference to Consolidated Financial Statements criteria established by such companies considering the essential components of such internal controls stated in the Guidance Note.

Other Matter

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to Consolidated Financial Statements in so far as it relates to four Subsidiary Companies and one Associate Entity, which are companies incorporated in India, is based on the corresponding reports of the auditors of such companies incorporated in India.

Our opinion is not modified in respect of this matter.

Notes to the Consolidated Financial Statements for the year ended 31st March 2024**1 Corporate Information**

Cochin International Airport Limited (referred to as "CIAL" or "the Holding Company") is a public limited company incorporated and domiciled in India with the registered office at Room No 35, 4th Floor, GCDA Commercial Complex, Marine Drive, Kochi - 682031. (CIN:U63033KL1994PLC007803)

The company is engaged in the business of carrying on airport and allied operations, which includes constructing, developing, setting up, commissioning, operating, managing and maintaining an airport of international standards with modern facilities for domestic and international flight operations as well as other related activities that are incidental and ancillary to the above. The principal place of business is at Nedumbassery, Kochi - 683 111 in Kerala.

Airport and allied operations of the Company are regulated by the Airport Economic Regulatory Authority of India (AERA) under Airport Economic Regulation Act 2008.

The consolidated financial statements comprises the financial statements of Holding Company and its Subsidiaries (together referred to as the "Group") and the Associate Company of the Holding Company.

These Consolidated financial statements were reviewed by Audit Committee and approved by the Board of Directors at their meeting held on 27.06.2024 and 01.09.2024 respectively.

2 Summary of material accounting policies

This note provides a list of the material accounting policies adopted in the preparation of these Consolidated financial statements. These policies have been consistently applied to all the years except where newly issued accounting standard is initially adopted unless otherwise stated.

2.1 Basis of Preparation of financial statements**(i) Compliance with Ind AS**

These Consolidated financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as notified by the Ministry of Corporate Affairs pursuant to Section 133 of Companies Act 2013 read with Companies (Indian Accounting Standards) Rules 2015 and other relevant provisions of the Act.

2.2 Basis of preparation and presentation**Basis of Consolidation****(i) Subsidiary**

Subsidiaries are entities over which the Holding Company has control. The Holding Company controls an entity when it is exposed or has right to variable return from its involvement with the entity, and has the ability to affect those returns through its power (that is, existing rights that give it the current ability to direct the relevant activities) over the entity. The Holding Company re-assesses whether or not it controls the entity, in case the under-lying facts and circumstances indicate that there are changes to above mentioned parameters that determine the existence of control.

Subsidiary is fully consolidated from the date on which control is transferred to the Holding Company, and its assets and liabilities of the subsidiary, and any related NCI and other components of the equity is derecognised from the date of cessation of control.

(ii) Associate

An associate is an entity over which the Holding Company has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee but is not control or joint control over those policies.

(iii) Method of consolidation

Accounting policies of the respective individual subsidiary and associate are aligned wherever necessary, so as to ensure consistency with the accounting policies that are adopted by the Holding Company under Ind AS.

The Consolidated financial statements of subsidiary are fully consolidated on a line-by-line basis. Intragroup balances and transactions, and income and expenses arising from intra-group transactions, are eliminated while preparing the said financial statements. The un-realised gains resulting from intra-group transactions are also eliminated. Similarly, the un-realised losses are eliminated, unless the transaction provides evidence as to impairment of the asset transferred.

The Holding Company's investments in its associate is accounted for using the equity method. Accordingly, the investments are carried at cost as adjusted for post-acquisition changes in the Holding Company's share of the net assets of investee. Any excess of the cost over the Holding Company's share of net assets in its associates at the date of acquisition is recognised as goodwill.

The goodwill is included within the carrying amount of the investment. The un-realised gains / losses resulting from transactions (including sale of business) with associates are eliminated against the investment to the extent of the Holding Company's interest in the investee. However, un-realised losses are eliminated only to the extent that there is no evidence of impairment. At each reporting date, the Holding Company determines whether there is objective evidence that the investment is impaired. If there is such evidence, the Holding Company calculates the amount of impairment as the difference between the recoverable amount of investment and its carrying value.

The entities considered in the Consolidated Financial Statements in the year are listed below:

Sl. No.	Name of the entity	Relationship	% of holding as at 31 st March 2024	% of holding as at 31 st March 2023
1	Cochin International Aviation Services Limited (CIASL)	Subsidiary Company	99.99%	99.99%
2	CIAL Infrastructures Limited (CIL)	Subsidiary Company	99.99%	99.99%
3	Air Kerala International Services Limited (AKISL)	Subsidiary Company	99.99%	99.99%
4	CIAL Dutyfree and Retail Services Limited (CDRSL)	Subsidiary Company	99.90%	99.90%
5	Kerala Waterways and Infrastructures Limited (KWIL)	Associate Company	50%	50%

(iv) Historical cost convention

The consolidated financial statements have been prepared on a historical cost basis on the accrual basis of accounting, except for the following -

- a. Financial assets and liabilities (including derivative instruments) that are measured at fair value;
- b. Assets held for sale - measured at fair value less cost to sell;

- c. Defined Benefit plans - plan assets measured at fair value;

Historical cost is the amount of cash or cash equivalents paid or the fair value of the consideration given to acquire assets at the time of their acquisition or the amount of proceeds received in exchange for the obligation, or at the amounts of cash or cash equivalents expected to be paid to satisfy the liability in the normal course of business.

(v) Fair Value Measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Fair Value Measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either in the principal market for the asset or liability, or in the absence of a principal market, in the most advantageous market for the asset or liability.

The Group/Associate uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

The three levels of the fair-value-hierarchy are described below:

Level 1:- Those where the inputs used in the valuation are unadjusted quoted prices from active markets for identical assets or liabilities that the Group/Associate has access to at the measurement date. The Group/Associate considers markets as active only if there are sufficient trading activities with regards to the volume and liquidity of the identical assets or liabilities and when there are binding and exercisable price quotes available on the balance sheet date.

Level 2:- Those where the inputs that are used for valuation and are significant, are derived from directly or indirectly observable market data available over the entire period of the instrument's life.

Level 3:- Those that include one or more unobservable input that is significant to the measurement as whole.

All amounts have been rounded off to the nearest lakhs, unless otherwise stated.

(vi) Current non-current classification

All assets and liabilities have been classified as current and non-current as per the normal operating cycle. Based on the nature of services rendered / sales made to customers and time elapsed between deployment of resources and the realization in cash and cash equivalents of the consideration for such services rendered / sales made, an operating cycle of 12 months have been considered.

(vii) Rounding of amounts

The consolidated financial statements are presented in Indian Rupees, which is also the functional currency and all values are rounded to the nearest lakhs, except when otherwise indicated.

2.3 Use of Estimates and Management Judgements

The preparation of the consolidated financial statements in conformity with accounting principles generally accepted in India (GAAP) requires the management to make judgements, estimates and assumptions that effect the reported amount of assets and liabilities as of the Balance Sheet date, reported amount of revenues and expenses for the year and disclosure of contingent liabilities as

of the Balance Sheet date. These estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about the assumptions and estimates may result in outcomes requiring a material adjustment to the carrying amount of assets or liabilities in future periods. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

The areas involving a higher degree of judgement or complexity or areas where assumptions and estimates are significant to the consolidated financial statements are disclosed in Note 3.

2.4 **Property, Plant and Equipment**

On adoption of Ind AS, the carrying value for all of its property, plant and equipment as recognised in the financial statements as at the date of transition to Ind AS has been retained, measured as per the previous GAAP and used that as its deemed cost as permitted by Ind AS 101 'First-time Adoption of Indian Accounting Standards'.

PPE are initially recognised at cost. The initial cost of property, plant and equipment comprises its purchase price, including non-refundable duties and taxes net of any trade discounts and rebates. The cost of PPE includes interest on borrowings (borrowing cost) directly attributable to acquisition, construction or production of qualifying assets. PPE are stated at cost less accumulated depreciation (other than freehold land, which are stated at cost) and impairment losses, if any.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to the Statement of Profit and Loss during the reporting period in which they are incurred.

Depreciation on property, plant and equipment is calculated on a straight line basis using the rates arrived at, based on useful lives of each item of property, plant and equipment after retaining 5% of the original cost as residual value. Each component of an item of PPE with a cost, that is significant in relation to the total cost of the item shall be depreciated separately under component accounting.

On 12th June 2014, the Airport Economic Regulatory Authority ("the Authority") has issued a consultation paper viz.05/2014-15 in the matter of Normative Approach to Building Blocks in Economic Regulation of Major Airports wherein it, inter alia, mentioned that the Authority proposes to lay down, to the extent required, the depreciation rates for airport assets, taking into account the provisions of the useful life of assets given in Schedule II of the Companies Act 2013, for such assets that have not been clearly mentioned in the Schedule II of the Companies Act 2013 or may have a useful life justifiably different than that indicated in the Companies Act 2013 in the specific context to the airport sector. Pursuant to the provisions of Part B of Schedule II of the Companies Act 2013, the Authority has issued Order No. 35/2017-18 on 12th January 2018 which is further amended on 09th April 2018, in the matter of Determination of Useful life of Airport Assets, which is effective from 01st April 2018 ("AERA Order").

Accordingly, the management has adopted useful life in respect of airport assets of the Holding Company as prescribed in the aforesaid order with effect from 01st April 2018.

The useful lives estimated by the management, coincides with lives prescribed by AERA under Part B of Schedule II to the Companies Act 2013 in case of airport assets of the Holding Company and as prescribed under Part C to the Schedule II of the Companies Act 2013 in case of other assets where no specific rates are prescribed by AERA, except as stated below based on internal technical evaluation by the management.

Sl. No.	Type / Category of asset	Useful life (in years)
Assets and components of assets for which the useful life as per technical evaluation is applied:		
1	Building-Civil, earth works, pile masonry, concrete, steel, RCC works (including terminal building and cargo complex)	60
2	Building-False ceiling, hand rails, facade works	20
3	Building-interior, flooring, roofing, plumbing, finishing	15
4	Runway Recarpeting	15
5	Golf Course Development	10

In respect of a subsidiary company, viz, CIAL Infrastructures Limited, during the year 2016 - 17 the useful life of string inverters of solar power plants was assessed as 10 years. The useful life of Small Hydro Electric plants operated by the same company was assessed as 23 years and is being depreciated accordingly.

The Group / Associate assesses the impairment of assets with reference to each cash generating unit, at each Balance Sheet date. If events or changes in circumstances based on internal and external factors indicate that the carrying value may not be recoverable in full, the loss on account and the recoverable amount, is accounted for accordingly. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use.

The useful life and depreciation method are reviewed at each financial year-end to ensure that the amount, method and period of depreciation are consistent with previous estimates and the expected pattern of consumption of the future economic benefits embodied in the items of property, plant and equipment.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on disposal or retirement of an item of property, plant and equipment is determined as the difference between sales proceeds and the carrying amount of the asset and is recognised in the Statement of Profit and Loss. Fully depreciated assets still in use are retained in the financial statements.

2.5 Intangible Assets

For transition to Ind AS, the Group / Associate has elected to continue with the carrying value of all of its Intangible Assets recognised as of on the transition date measured as per the previous GAAP and use that carrying value as its deemed cost as on the transition date.

Intangible Assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight-line over their estimated useful life. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on prospective basis.

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in the Statement of Profit and Loss when the asset is derecognised.

2.6 Capital work-in-progress and intangible assets under development

Capital work-in-progress / intangible assets under development are carried at cost, comprising direct cost, related incidental expenses and attributable borrowing cost.

2.7 Investment property

Investment properties are properties held to earn rentals and / or for capital appreciation (including property under construction for such purposes). Investment properties are measured initially at its cost, which shall include transaction costs. Subsequent to initial recognition, investment properties are measured in accordance with Ind AS 16's requirements for cost model, i.e. at cost less accumulated depreciation and impairment losses. An investment property is derecognised upon disposal or when the investment property is permanently withdrawn from use and no future economic benefits are expected from the disposal. Any gain or loss arising on derecognition of the property (calculated as the difference between the disposal proceeds and the carrying amount of the asset) is included in the Statement of Profit and Loss in the period which the property is derecognised.

In the case of property (land and building) held for use in the provision of services and for administrative purposes along with renting for earning rental, it is considered as investment property only when an insignificant portion is held for use in the provision of services or for administrative purposes or same can be sold separately.

2.8 Financial instruments

i) Initial recognition

Financial instruments are recognised when an entity becomes a party to the contractual provisions of the instruments. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the Statement of Profit and Loss.

ii) Subsequent measurement

Financial assets

(a) Financial assets carried at amortised cost

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(b) Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and

interest on the principal amount outstanding. The Company has made an irrevocable election for its investments which are classified as equity instruments to present the subsequent changes in fair value in other comprehensive income based on its business model.

(c) Financial assets at fair value through profit or loss

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss.

(d) Derecognition of financial instruments

The Group / Associate derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

A financial liability (or a part of a financial liability) is derecognized from the Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires. A substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in the Statement of Profit and Loss.

(e) Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at FVTPL.

(f) Impairment of financial assets

In accordance with Ind AS 109 Financial Instruments, the Group / Associate applies expected credit loss (ECL) model for measurement and recognition of impairment loss for financial assets. The Group / Associate assesses at each Balance Sheet date whether a financial asset or a group of financial asset is impaired. Ind AS 109 requires expected credit loss to be measured through a loss allowance. The Group / Associate recognises lifetime expected credit losses for all trade receivables that do not contain a significant financing component. Impairment loss allowance is based on the simplified approach as permitted by Ind AS 109.

2.9 Non-current assets held for sale

Non-current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when the asset (or disposal group) is available for immediate sale in its present condition subject only to terms that are usual and customary for sales of such asset (or disposal group) and its sale is highly probable. Management must be committed to the sale and an active programme to locate a buyer and complete the plan must have been initiated, which should be expected to qualify for recognition as a completed sale within one year from the date of classification.

Non-current assets classified as held for sale are measured at the lower of their carrying amount and fair value less costs to sell.

A discontinued operation is a component of the entity that has been disposed of or is classified as held for sale and that represents a separate major line of business or geographical area of operations, is part of a single co-ordinated plan to dispose of such a line of business or area of operations, or is a subsidiary acquired exclusively with a view to resale. The results of discontinued operations, if any, will be presented separately in the Statement of Profit and Loss.

2.10 Inventories

Inventories consisting of stores, spares and consumables are valued at lower of cost or net realisable value. However, stores and spare items held for use in providing the services are not written down below cost if the services are expected to be provided at or above cost. Cost of inventories is determined on a weighted average basis and comprises of purchase cost net of taxes and other directly associated costs in bringing the inventories to the present location and condition. Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs necessary to make the sale. The net realisable value is determined as the average pooled power purchase cost of KSEB, as per the regulation of KSERC in respect of inventories carried by CIAL Infrastructures Limited.

2.11 Provisions and Contingent Liabilities

Provisions are recognised when there exists a present obligation as a result of a past event, for which it is probable that a cash outflow will be required and a reliable estimate can be made of the amount of the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. These are reviewed at each balance sheet date and adjusted to reflect the correct management estimates.

Contingent Liabilities are disclosed when the Group / Associate has a possible obligation that arises from past events and whose existence will be confirmed by occurrence or non occurrence of one or more uncertain future events or a present obligation that arises from past events but is not recognised because it is not probable that an outflow of resources will be required to settle the obligation.

2.12 Revenue Recognition

Revenue from contracts with customers is recognized on transfer of control of promised goods or services to a customer at an amount that reflects the consideration to which the entity is expected to be entitled to in exchange for those goods or services.

Revenue of the Holding Company from operating the airport and allied operations broadly comprises Aeronautical Income (including landing fee, user development fee, parking fee, aerobridge charges, income from CUTE, inline X-ray screening charges, royalty and income from cargo operations) and Non-Aeronautical revenue (including royalty from duty-free operations and others, rent & services, security training fees, public admission fees, income from trade fair centre and income from golf course and facilities). Revenue from specified airport operations undertaken directly and indirectly are regulated by AERA and tariffs are determined in accordance with the AERA (Terms and Conditions of Determination of Tariff for Airport Operators) Guidelines 2011 dated 22.02.2011 for each control period, which are recognised in the accounts on accrual basis in accordance with such approvals.

Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. Revenue from variable consideration is recognized only to the extent that uncertainty relating to such recognition is resolved as per contractual terms.

2.12.1 Sale of goods

Revenue from the sale of products is recognised at the point in time when control of the goods is transferred to the customer.

2.12.2 Rendering of services

Revenue from rendering services is recognised on accrual basis, net of taxes, applicable discounts and collection charges, when services are rendered and it is probable that an economic benefit will be received, which can be quantified reliably.

Income from life membership fees of the golf course is recognised over a period of forty years in respect of individual members, being the estimated period of life membership and ten years in respect of corporate members.

Other incomes are recognised on accrual basis except when there are significant uncertainties.

2.12.3 Royalties

Royalty revenue is recognised on an accrual basis in accordance with the substance of the relevant agreement (provided that it is probable that the economic benefits will flow to the Group / Associate and the amount of revenue can be measured reliably). Royalty arrangements that are based on production, sales and other measures are recognised based on the terms of the underlying arrangement.

2.12.4 Dividend and interest income

Dividend income from investments is recognised when the shareholder's right to receive payment has been established (provided that it is probable that the economic benefits will flow to the Group / Associate and the amount of income can be measured reliably).

Interest Revenue is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable except the interest income received from customers for delayed payments which is accounted on the basis of reasonable certainty / realisation.

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the entity and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset.

2.12.5 Lease or Rental income

The Group / Associate adopts Ind AS 116 - Leases for recognition of income from lease arrangements based on the assessment of whether a contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration as per the conditions set out in the said standard. In respect of contractual arrangements forming part of airport operations as per AERA regulations and subject to the tariff structure determined for a control period as stated above, income is recognised having regard to the contract terms considered by the regulator. Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee and finance income is recognised over the lease term, based on a pattern reflecting a constant periodic rate of return on the lessor's net investment in the lease. Other-leases are classified as operating leases and payments from such leases (other than variable lease payments that do not depend on an index or a rate) is recognised as income on either a straight-line basis or another systematic basis if that basis is more representative of the pattern in which benefit from the use of the underlying asset is diminished. Payments for the right to use the underlying asset during the lease term that varies because of changes in facts or circumstances occurring after the commencement date, other than the passage of time and do not depend on an index or a rate are recognised on accrual basis based on a reasonable certainty of realisation.

2.12.6 Government grants

Government grants are recognized when there is reasonable assurance that Group / Associate will comply with the conditions associated with the grant and that the grant will be received. Grants that compensate for the cost of depreciable asset are recognized as income in the Statement of Profit and Loss on a systematic basis over the useful life of the asset. Grants that compensate for expenses incurred are recognized over the period in which the related costs are incurred.

2.12.7 Claims

Claims are accounted for, as and when the same are finally determined / admitted.

2.13 Employee benefits**2.13.1 Short Term Employee Benefits**

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits and recognised in the period in which the employee renders the related service.

2.13.2 Defined Contribution Plans

The Company makes contributions to Provident Fund, which is a defined contribution plan for employees. The contributions paid / payable under the scheme during the year are charged to the Statement of Profit and Loss for the year.

2.13.3 Defined Benefit Plans

Defined benefit plan covers the obligation of the Group / Associate towards the gratuity benefits. For defined benefit plans, the cost of providing benefits is determined using projected unit credit method, with actuarial valuations being carried out at the end of each reporting period. Remeasurement, comprising actuarial gains and losses, any change in the effect of the asset ceiling (excluding interest) and the return on plan assets (excluding net interest), is reflected immediately - with a charge or credit recognised in other comprehensive income in the period in which they occur. Remeasurement recognised in other comprehensive income is reflected immediately in retained earnings and is not reclassified to the Statement of Profit and Loss. Past service cost is recognised in the Statement of Profit and Loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability (asset). Defined benefit costs categorised are as follows:

- service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements);
- net interest expense or income; and
- remeasurement

The first two components of defined benefit costs are recognised in the Statement of Profit and Loss in the line 'Employee benefits expense'. Curtailment gains and losses are accounted as past service costs. The retirement benefit obligation recognised in the consolidated balance sheet represents the actual deficit or surplus in the defined benefit plans. Any surplus resulting from this calculation limited to the lower of the surplus in the defined benefit plan and the asset ceiling.

Compensated Absences

The components of the Group / Associate has a policy on compensated absence which are both accumulating and non-accumulating in nature. The expected cost of accumulating compensated absence is determined by Actuarial valuation performed by an independent actuary at each Balance Sheet date using projected unit credit method on the additional amount expected to be paid / availed as a result of unused entitlement that has accumulated at the Balance Sheet date. Expense on non-accumulating compensated absence is recognised in the period in which the absences occur.

The service costs and net interest on the net defined benefit liability (asset) are recognised in the Statement of Profit and Loss and remeasurements of the net defined benefit liability (asset) comprising of actuarial gains or losses is charged or credited to Other Comprehensive Income.

Actuarial losses / gains pertaining to Long Term Employee Benefits is recognised in the statement of profit and loss.

2.14 Borrowing costs

Borrowing cost includes interest and amortization of ancillary costs incurred in connection with the arrangement of borrowings.

Borrowing costs that are directly attributable to the acquisition, construction or production of an asset that takes a substantial period of time to get ready for its intended use are capitalised as part of cost of the respective asset until such time the assets are substantially ready for their intended use. Other borrowing costs are recognized as an expenditure for the period in which they are incurred.

2.15 Lease Expenses

In respect of lease / rental arrangements entered by the company, the Group / Associate assesses at contract inception whether a contract is, or contains, a lease in the manner set out in Ind AS 116 - Leases. On the date of commencement of lease, the respective company recognises a Right of Use asset (ROU) and the corresponding lease liability for all lease arrangements in which it is a lessee except for leases with a term of 12 months or less (short term leases) and leases of low value assets.

2.16 Foreign Currency Translation

The functional currency of the Group / Associate is Indian Rupee

On initial recognition, all foreign currency transactions are translated into the functional currency using the exchange rates prevailing on the date of the transaction. As at the reporting date, foreign currency monetary assets and liabilities are translated at the exchange rate prevailing on the Balance Sheet date and the exchange gains or losses are recognised in the Statement of Profit and Loss.

Non-monetary assets and non-monetary liabilities denominated in a foreign currency and measured at historical cost are translated at the exchange rate prevalent at the date of the transaction.

2.17 Exceptional Items

Incomes / Expenses which are not forming part of regular operations and are material and are in accordance with paras 85, 86, 97 and 98 of Ind AS 1 are classified as Exceptional items. Such items are disclosed as separate line item in the Statement of Profit and Loss.

2.18 Taxation

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year. Current and deferred taxes are recognised in Statement of Profit and Loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity, respectively.

2.18.1 Current tax

Current tax is the amount of income taxes payable in respect of taxable profit for a period. Taxable profit differs from 'profit before tax' as reported in the Statement of Profit and Loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible in accordance with applicable tax laws.

The tax rates and tax laws used to compute the amount are those that are enacted, or substantively enacted, by the end of reporting date in India where the Group / Associate operates and generates taxable income.

2.18.2 Deferred tax

Deferred tax is provided on temporary differences at the reporting date between the tax bases of assets and liabilities used in the computation of taxable profit and their carrying amounts in the financial statements for financial reporting purposes. Deferred tax assets and liabilities are measured at the tax

rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised. The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are reassessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously. Current and deferred tax is recognised in the Statement of Profit and Loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

2.19 Earnings per share

The earnings considered in ascertaining the Earnings per share comprise of the net profit attributable to equity holders. The number of shares used in computing the basic earnings per share is the weighted average number of equity shares outstanding during the year. For calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless they have been issued at a later date. In computing the dilutive earnings per share, only potential equity shares that are dilutive and that either reduces the earnings per share or increases loss per share are included.

2.20 Dividend to Equity shareholders

Dividend to Equity shareholders is recognized as a liability and deducted from share holders equity in the period in which the dividends are approved by the equity shareholders in the general meeting.

2.21 Cash Flow Statement

Cash Flows are reported using the Indirect Method, whereby net profit before tax is adjusted for the effect of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments.

2.22 Segment Reporting

Operating Segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker (CODM). The CODM is responsible for allocating resources and assessing performance of the operating segments.

2.23 Recent Accounting Pronouncements

Ministry of Corporate Affairs ('MCA') notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended 31st March 2024, MCA has not notified any new standards or amendments to the existing standards applicable to the Group / Associate.

- 3 Critical accounting judgements, assumptions and key sources of estimation uncertainty**
The following are the critical judgements, assumptions concerning the future, and key sources of estimation uncertainty at the end of the reporting period that may have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.
- 3.1 Useful lives of property, plant and equipment**
As described at Note 2.3 above, the charge in respect of periodic depreciation for the year is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life.
- 3.2 Employee Benefits**
The cost of defined benefit plans are determined using actuarial valuation, which involves making assumptions about discount rates, expected rates of return on assets, future salary increases, and mortality rates. Due to the long-term nature of these plans, such estimates are subject to significant uncertainty.
- 3.3 Taxation**
Significant assumptions and judgements are involved in determining the provision for tax based on tax enactments, relevant judicial pronouncements and tax expert opinions, including an estimation of the likely outcome of any open tax assessments / litigations. Deferred income tax assets are recognized to the extent that it is probable that future taxable income will be available, based on estimates thereof.
- 3.4 Provisions and Contingencies**
Critical judgements are involved in measurement of provisions and contingencies and estimation of the likelihood of occurrence thereof based on factors such as expert opinion, past experience etc.
- 3.5 Impairment of Receivables**
The Group's / Associate's Management reviews its receivables for objective evidence of impairment periodically. Significant financial difficulties of the debtor, the probability that the debtor will enter bankruptcy, and default or significant delay in payments are considered objective evidence that a receivable is impaired. In determining this, management makes judgement as to whether there is observable data indicating that there has been a significant change in the payment ability of the debtor, or whether there have been significant changes with adverse effect in the technological, market, economic or legal environment in which the debtor operates in.
Where there is objective evidence of impairment, management makes judgements as to whether an impairment loss should be recorded as an expense. In determining this, management uses estimates based on historical loss experience for assets with similar credit risk characteristics.
- 3.6 Impairment test of investments in Associate**
The recoverable amount of the investment in the associate is based on estimates and assumptions regarding the future cash flows associated with the operations of the investee Company. Any changes in these assumptions may have a material impact on the measurement of the recoverable amount and could result in impairment.

(iii) Other advances	1,432.75	1,022.22
	4,221.07	3,733.56

- 4.13.1 Balance with Indirect Taxes and Customs include Rs. 1163 lakhs being the refund claim of Service Tax paid relating to capital goods for the New International Terminal (T3), which has been reduced from the respective project assets, while capitalising, resulting in non-claiming of depreciation on this amount. As per the amendment to the Finance Act in the Union Budget 2016, all those contracts for the original works in Airports for which the agreement was entered prior to 01.03.2015, even though

service tax has been paid, the assessee was made eligible to claim the refund of the service tax paid to the contractor who has remitted the service tax to the Central Government account. Accordingly, CIAL applied for the refund as per the provision in the Finance Act and as per the amendments to the notification. The Assistant Commissioner had initially denied the claim. However, CIAL has filed the appeal before the Commissioner of Indirect Tax (Appeals), which is pending for disposal. According to the Management, the refund claim does not have the question of law which needs to be interpreted but the clear matter of processing the refund based on the certificate issued by Civil Aviation Ministry and service tax payment invoices and the disclaimer certificate issued by the respective contractor being the contracts for the works related to the original works of Airports. The management expects to get a favourable order from the First Appellate authority. As such there is no change in the status quo during this financial year.

- 4.13.2** Further, the Company had filed refund claim within the due date before the Assistant Commissioner of Central Excise & Service Tax amounting to Rs. 674 lakhs being the Additional Customs Duty paid on imports which were classified under Customs Tariff Heading 9801 meant for project imports and deducted from the respective project assets, when the asset is capitalised, as such no depreciation was also claimed. The import is done for the New International Terminal (T3) as project imports being eligible for concession in the customs duty. As per the Cenvat Credit Rules, input credit is allowed for the Additional Customs duty paid for imports under tariff head 9801, however it is also stated in the rules that the input credit cannot be utilised to pay service tax. Since the rules has allowed the availing of input credit but has placed restriction on its utilisation while payment of service tax on output services, the option available to the Company is to file refund claim, which has been preferred. The refund claim has been initially denied by the Assistant Commissioner without considering the merits of the case and hence the Company has filed the appeal before the Commissioner of Indirect Tax (Appeals), which is pending for disposal. The management feels that the refund claim would sustain before the Appellate Authority and CIAL expects the refund claim to be ordered in favour of CIAL. Under the Goods and Service Tax regime, additional Customs duty is allowed to all the Industries including service providers. In the meantime, while filing the GST transitional return (Tran 1), the pending input credits of additional customs duty amounting to Rs. 674 lakhs was also included and credited in the Credit Ledger, which got offset against the subsequent liability. The verification of Tran 1 is being done by the department and the outcome of the same is not intimated. Pending final outcome of Tran 1 verification by the Department, the appeal filed before Commissioner of Indirect Tax (Appeals) against the rejection of refund application is also retained. As such there is no change in the status quo during this financial year.

4.35.4 Description of plan characteristics and associated risks

Gratuity

The Gratuity scheme is a final salary defined benefit plan that provides for a lump sum payment at the time of separation; based on scheme rules, the benefits are calculated on the basis of last drawn salary and the period of service at the time of separation and paid as lump sum. There is a vesting period of 5 years.

Earned Leave

The leave scheme is a final salary defined benefit plan that provides for a lump sum payment at the time of separation; based on scheme rules, the benefits are calculated on the basis of last drawn salary and the leave count at the time of separation and paid as lump sum.

Sick Leave

The sick leave scheme is a final salary defined benefit plan, that provides for a lump sum payment at the time of separation; based on scheme rules the benefits are calculated on the basis of last drawn salary and the sick leave count at the time of separation and paid as lump sum.

These plans typically expose the company to actuarial risks such as : Investment risk, Interest rate risk, salary inflation risk and demographic risk

Investment risk	The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds. If the return on plan asset is below this rate, it will create a plan deficit.
Interest risk	A decrease in the bond interest rate will increase the plan liability; however, this will be partially offset by an increase in the return on the plan's debt investments.
Salary inflation risk	The estimate of future salary increases considered, takes into account the inflation, seniority, promotion, increments and other relevant factors. Higher than expected increases in salary will increase the defined benefit obligation.
Demographic risk	This is the risk of volatility of results due to unexpected nature of decrements that include mortality, attrition, disability and retirement. The effects of these decrements on the DBO depends upon the combination of salary increase, discount rate, and vesting criteria and therefore is not very straight forward. It is important not to overstate withdrawal rate because the cost of retirement benefit of short term employees will be less compared to long service employees.

4.38.2 # Show cause notices received by the holding company from service tax authorities aggregating to Rs. 10,379.41 lakhs (Rs. 13,531.81 lakhs), (including interest and penalty) have not been considered as contingent liability, since formal demands have not been raised and in the opinion of the management these notices are not sustainable

4.38.3 Estimated amount of contract remaining to be executed on capital account and not provided for amounting to - Rs. 31,427.58 lakhs (Rs. 15,098.71 lakhs)

4.39 Disclosures under Ind AS 108 - Operating Segments

Products and services from which reportable segments derive their revenues

Operating segments are reported in such a manner consistent with the internal reporting provided to the Chief Operating Decision Maker ('CODM'). There is only one reportable business segment, which is operation of airport and providing allied services and operates in a single business segment. Accordingly, the amounts appearing in these financial statements relate to the single business segment.

Major Customers: Revenue from one customer is approximately Rs.14,143.45 Lakhs, out of the revenue from operations for the year ended March 31, 2024 (March 31, 2023: Rs.10,671.38 Lakhs)

4.40 In the opinion of the Management, short term loans and advances and other Current Assets, have the value at which they are stated in the Balance Sheet, if realised in the ordinary course of business.

4.41 Revenue from contracts with customers

- a) Break up of revenue of the Company is furnished in Note 4.26.
- b) As part of the holding company's obligation to provide several airport and allied services to users, arrangements have been entered into with specialised service providers including for ground handling, cargo handling, fuelling, catering, financial services, retailing and other services at the airport. The holding company receives incomes from all these arrangements in the form of royalty, licence fee, rentals etc which vary from fixed payment basis (with agreed escalations) to variable payments based on scale of operations etc (in some cases with minimum guaranteed commitments). Since most of these incomes fall within the ambit of AERA approval, the amounts accruing as per contractual terms is considered by the regulator for fixation of tariffs during each control period. The present tariff structure of the holding company for the control period from 1st April 2021 to 31st March 2026 has been fixed by AERA on this basis. Although some of these arrangements bear certain attributes of operating lease also as per Ind AS 116 (Leases), in line with the accounting policy consistently adopted, the income accruing to the holding company has been recognised in the accounts as revenue in accordance with the principles of Ind AS 115 – Revenue from contracts with customers, as this is considered by the management to be a true and fair presentation of the entity's financial position, financial performance and cash flows, having regard to the operational characteristics, economic substance and regulatory aspects of the arrangement.
- c) As part of the holding company's obligation to provide fuel farm infrastructure services at the airport, an agreement was entered into at the inception of operations (and renewed thereafter) giving Bharat Petroleum Corporation Limited (BPCL) the exclusive right to set up the facility and supply Aviation Turbine Fuel (ATF) to the airport customers. CIAL was initially receiving income under the arrangement in the form of a variable royalty based on the actual fuel throughput. However, since this income is part of the regulated aeronautical income being fixed by AERA, collection of royalty based on the fuel throughput was discontinued effective from 15.01.2020 as per their regulatory directions. BPCL had continued to provide the fuelling services at the airport (without royalty based on fuel throughput) and a new agreement was entered into on 23rd January 2023 for a period of 30 years effective from the end of the earlier contract (19th May 2017). As per the new agreement, after taking into consideration all operational aspects including the anticipated fuel throughput, facilities and services made available to BPCL as well as exclusivity of the arrangement, income payable to CIAL from the fuelling arrangement was contracted in the form of a lease rent carrying annual escalations. For the reasons stated in Note 4.41 (b) above, the annual lease-rent payable to the company as per the contract has been recognised in the accounts as revenue from the fuelling arrangement based on the principles of Ind AS 115 (Revenue from contracts with customers), instead of on straight-line basis as per Ind AS 116 (Leases). If recognised on straight-line basis, income from "Rent and Services" for the year and receivable from BPCL would have been higher to the extent of Rs.3,022.86 Lakhs (Rs. 3,159.44 Lakhs) which as stated earlier, would not be a fair presentation of the revenue from operations of the company for the year. Other disclosures to the extent applicable to the aforesaid agreement under Ind AS 116 are given below.

The details of minimum amount receivable in respect of the above contract is as follows:

Particulars	As at 31.03.2024 (Rupees in lakhs)	As at 31.03.2023 (Rupees in lakhs)
Within one year	2,104.39	1,957.57
After one year but not more than five years	10,118.72	9,412.77
More than five years	109,246.14	112,056.49

4.42 Leases - Company as a lessor

Future minimum rentals receivable under non-cancellable operating leases by the Holding Company are as follows:

Particulars	As at 31.03.2024 (Rupees in lakhs)	As at 31.03.2023 (Rupees in lakhs)
Within one year	2,431.04	2,588.93
After one year but not more than five years	2,415.41	2,848.72
More than five years	2,804.13	2,724.28

4.43 The Holding Company has issued Right Shares to the existing shareholders in the ratio of 1:4 (i.e. one share for every four shares held) during the financial year 2022 - 23. The issue was opened on 01st March 2023 and was closed on 30th March 2023. The Company had offered 9,56,43,687 Equity shares of Rs. 10 each at a premium of Rs. 40 per share and received Rs. 56,404.43 lakhs, by way of share application money, resulting in over-subscription of shares. The excess amount received towards oversubscription of shares - Rs 8,582.59 lakhs, was refunded during the year. Pending utilization of the share proceeds, the amounts have been held in Fixed Deposits as on 31st March 2024.

4.44 CIASL

- a) Local Municipal authorities had raised demand for payment of building tax (including penalty) amounting to Rs. 508.68 lakhs on 02nd February 2019, considering the Aviation building and the two bay hangars as unauthorised constructions, though the constructions were carried out based on Govt Order GO(Rt)No 595/01/LSGD dated 17.02.2011, which states that the Kerala Municipality Building Rules do not apply to constructions carried out in the land owned by Cochin International Airport Limited. Against the demand, the Company filed appeal before the Hon'ble Court of Kerala and got stay for recovery. Further based on the direction of the Hon'ble High Court, Rs. 90.00 lakhs had been remitted on 25th February 2019 towards the admitted tax on an estimate. The Management has worked out the possible building tax liability Rs. 81.98 lakhs and the same has been charged to Statement of Profit and Loss during the year 2018 - 19 and balance of Rs. 8.02 lakhs is shown as deposit with Local Authority. Subsequently, demands amounting to Rs. 127.17 lakhs has been raised for payment of property tax for the period 2019 - 20 and 2020 - 21. Further penal interest has been raised for the entire demand. Company has remitted Rs. 10.25 lakhs each towards property tax for the period 2019 - 20 and 2020 - 21 and 2021 - 22. The balance amount of Rs. 662.95 lakhs is treated as contingent liability.
- b) During the financial year 2008-09, the Subsidiary Company CIASL entered into an agreement with M/s. Kairali Aviation Aeronautical Engineering Private Limited (KAAEPL) for the operation and management of AME Institute. Though M/s. KAAEPL started the course during August 2010, they could not continue running the institute as they failed to obtain the necessary approval from Director General of Civil Aviation. Consequent to this, during 2011-12 CIASL invoked a Bank Guarantee for Rupees One Crore submitted by M/s. Kairali Aviation Aeronautical Engineering Private Limited (KAAEPL) for non performance and to recover expenses incurred on their behalf and other receivables due from KAAEPL. The amount received from Bank on invocation of Bank Guarantee and the amount determined as receivable from M/s. KAAEPL have been netted off and the balance receivable is shown under non-current receivables. KAAEPL has disputed the claim in arbitration. The arbitration proceedings were completed and award was passed on 21/03/2016. As per the award, the claimants (KAPL & KAAEPL) have been allowed to recover from the respondents (CIASL) an amount of Rs.13,33,924./ (Rs 13,33,924) thousands -with

future interest at the rate of 9% per annum from the date of award till realisation, if paid within 3 months from the date of the Award. If the awarded amount is not paid within 3 months from the date of Award, interest shall be paid on the said amount at the rate of 14% per annum till realisation. The Company sought a legal opinion on the maintainability of the award and as per the opinion received, the Company has challenged the award before the appellate authority. Pending final disposal of the case, no provision has been made in the accounts for the award amount.

- c) During the year 2011 -12, the Subsidiary Company CIASL received a letter from Corporation Bank directing it not to remove the assets and equipments of M/s. Kairali Aviation Aeronautical Engineering Pvt. Ltd. (KAAEPL) from the space that the Company had leased out to KAAEPL, on the grounds that these assets and equipments were hypothecated to Corporation Bank. The Company in turn had raised a demand for Rs.2,022.48 (Rs 2,022.48) thousands on Corporation Bank towards rent for the space occupied by the assets and equipments of KAAEPL till 30 September, 2012. Corporation Bank has rejected the Company's claim for rent vide letter No. OR:1049:2012 dated 01.10.2012. No rental income has been recognized considering the above dispute, w.e.f. 01.10.2012. Further provision has been created in the accounts for the entire amount of rent during earlier years itself.

4.45 SALE OF POWER FROM ARIPPARA SHEP (4.5 MW) - CIAL Infrastructures Limited

The connectivity agreement for Arippara SHEP (4.5 MW) was signed by CIAL Infrastructures Limited with KSEBL on 04th August 2021. Thereafter, the plant was synchronised with the grid on 05th August 2021 and the power generated by Arippara plant started getting evacuated into the KSEBL grid from the said date. The Commercial Operation Date (COD) of Arippara SHEP (4.5 MW) was declared with effect from 13th October 2021, after getting Board order from KSEBL for declaration of COD. Arippara SHEP has been capitalised in our books of accounts as on the date of COD. As per KSERC (Renewable Energy and Net Metering) Regulations 2020, the generic tariff for "Small Hydro Electric Projects having installed capacity of and below 5 MW" is Rs. 5.53 per unit. On 08th March 2023, KSERC passed the tariff order approving levelised tariff of Rs. 4.30/- per unit for the units generated from the date of synchronisation i.e 05th August 2021. The order has been challenged by CIAL Infrastructures Limited at Appellate Tribunal for Electricity, Delhi to obtain the generic tariff applicable for hydro projects below 5MW. During the FY 2023 - 24, 106 lakhs units were generated and they have been billed to KSEBL.

4.46 SALE OF POWER FROM PAYYANNUR SOLAR PLANT (11.6 MWp) - CIAL Infrastructures Limited

The solar power plant of 11.6 MWp capacity at Payyannur was originally envisaged as a "captive power plant" for meeting the increasing power requirements of Cochin International Airport Limited (CIAL). Unfortunately, the Covid-19 pandemic disrupted CIAL's business plans and led to decrease in their energy consumption. Therefore, CIAL Infrastructures Limited converted this plant to an "Independent Power Plant" (IPP). During May 2022, Kerala State Electricity Board Limited had floated a tender for procuring solar power on short term basis for meeting its Renewable Purchase Obligations for the period 15-06-2022 to 31-03-2023. CIAL Infrastructures Limited participated in the tender and adjudged as the lowest bidder. Accordingly, power purchase agreement was signed with KSEBL on 16th December 2022 for the sale of power from the Payyannur Solar Plant. CIAL Infrastructures Limited had filed a petition with KSERC for the extension of power purchase contract for a further period of 2 years, i.e until 31st March 2025. On 18th January 2024, KSERC passed the order approving the extension and regulation of infirm power injected to the grid before the tender period. Accordingly, invoices were raised for the entire generation period.

4.49 Financial Risk Management

The Group / Associate Entity is exposed to Market risk, Credit risk and Liquidity risk. The Board of Directors ('Board') oversee the management of these financial risks. The Group / Associate Entity's financial risk management is an integral part of how its business strategies are planned and executed. The following disclosures summarize the Group / Associate's exposure to financial risks.

(i) Market Risk

Market Risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of the changes in market prices. Such changes in the values of the financial instruments may result from changes in the foreign currency exchange rates, interest rates, and other market changes.

(a) Foreign currency exchange rate risk

The Group / Associate Entity makes purchases from overseas suppliers in various foreign currencies.

The Group / Associate Entity is exposed to foreign currency risk only on account of import of capital goods and services which is being settled through foreign currency.

(b) Interest Rate Risk

The Group / Associate Entity's loans have suitable inbuilt protective contractual clauses as per Term Loan agreements. The Group / Associate Entity also ensures availability of Loans at competitive interest rates by inviting bids from major banks / financial institutions. The Group / Associate Entity's major investments are primarily in fixed interest bearing investments. Hence, the Group / Associate Entity is not significantly exposed to interest rate risk.

(ii) Credit Risk

Credit risk arises from the possibility that the counter party may not be able to settle their obligations as agreed. To manage this, the Group / Associate Entity periodically assesses financial reliability of customers and other counter parties, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of financial assets. Individual risk limits are set and periodically reviewed on the basis of such information. The Group / Associate Entity is having the practice of maintaining security deposits and bank guarantees equal to the credit period extended to parties and the said security deposit limit is reviewed periodically, depending upon the increase in volume of business with each customer. Financial assets are written off when there is no reasonable expectation of recovery, such as a debtor failing to engage in a repayment plan with the Group / Associate Entity. Where loans or receivables have been written off, the Group / Associate Entity continues to engage in enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognized as income in the Statement of Profit and Loss.
